MINOR IN ECONOMICS

Economics is highly complementary with a number of other disciplines and some students may choose to minor in economics while pursuing a major in another field. Students often decide to minor in economics after having already taken several economics courses and realizing that a few more courses will satisfy the minor requirements.

- Minors must earn a minimum grade of C- in each core course (CR/NC grading is not permitted for core courses).

Economics Minor — 22 units

Required Courses (13 units)
