MINOR IN INTERNATIONAL BUSINESS

Specialized Business Minors
These programs are designed to provide undergraduates with a focused exposure to a particular area of business practice rather than the broad exposure of the General Business Minor. As such, they can provide professional and technical skills needed for entry into specialized business employment for non-business majors or serve as an alternative to a double major for business majors wishing expertise in a second field.

All course work used to satisfy the requirements of the minor must be completed with a minimum grade point average of 2.0.
