EDUCATION SPECIALIST CREDENTIAL PROGRAMS

Special Education

The curriculum meets the licensing requirements of the Commission on Teacher Credentialing. Programs are organized in a two-tiered system: the Preliminary and the Clear Education Specialist.

Preliminary Education Specialist programs include requirements in a general education component, core requirements including health education and CPR, plus specialization courses including student teaching. The education specialist credentials meet standards for special education Birth to Grade 12 teachers. The Preliminary credential allows graduates to teach in the area of specialization for five years.

The Clear Education Specialist program includes core requirements and advanced curricular content for each specialization area. The Clear Credential program must be completed within five years of the award of the Preliminary education specialist credential.

Admission Procedures

Admission to post-baccalaureate programs is based on the evaluation of applications to both the department and to the University. A minimum 3.0 GPA is required for admission to credential programs and must be maintained for continuation in the program. All applicants for the Education Specialist Credentials are also required to apply at the same time to the Master of Arts Degree in Special Education. If a prospective applicant already has a master’s degree, they may petition the department chair to be exempt from this requirement. Applications are available from the: Graduate College of Education Credential and Graduate Services Center Burh Hall 244 (415) 405–3594 Email: credinfo@sfsu.edu or Department of Special Education (415) 338–1161 Email: spedcd@sfsu.edu Website: spedcd.sfsu.edu (http://spedcd.sfsu.edu). Check for application deadlines and requirements.

Preliminary education specialist credential programs are approved for the following areas:

- Early Childhood Special Education (Birth to pre-K only) – mild to moderate and moderate to severe disabilities and traumatic brain injury.
- Mild/Moderate Disabilities (K–12, adults up to 22 years) – specific learning disabilities, autism spectrum disorder, mild to moderate intellectual disabilities, other health impairment, and emotional disturbance.
- Moderate/Severe Disabilities (K–12, adults up to 22 years) – autism spectrum disorder, mild to moderate intellectual disabilities, deafblindness, emotional disturbance, and multiple disabilities.
- Visual Impairments (Birth–22 years) – blind, visually impaired, deafblind, and autism spectrum disorder.
- Early Childhood Special Education Certificate – supplemental to Education Specialist Credentials and approved by the California Commission on Teacher Credentialing (if not earning separate Early Childhood Special Education Credential, any specialist credential can add on this certificate to expand authorization for Mild/Moderate Disabilities, Moderate/Severe Disabilities, Visual Impairments, or for professional growth).

For Orientation and Mobility specialization and Speech–Language Pathology services see Other Services Credentials (bulletin.sfsu.edu/colleges/education/credentials/other-services).

Substitution of Requirements

Substitutions of course and field placement requirements may be granted when candidates have prior transcript credit and when the required skill, knowledge, and performance competencies have been mastered and verified. The department chair and faculty in the area of specialization review and approve requests for course substitutions.

Preliminary Education Specialist Credential

Program requirements include the following:

- A baccalaureate degree from a regionally accredited college or university.
- Satisfy Subject Matter Competency Requirement: Successful passage of the CSET Multiple Subjects Test or by completing a subject matter program prior to admission. May be satisfied by completing the subject matter requirements outlined for the Multiple Subject or Single Subject Credentials. Required for all education specialist areas except Early Childhood Special Education.
- Demonstrate knowledge of the principles of the United States Constitution. Applicants may satisfy the U.S. Constitution requirement either by course work or examination.
- Satisfy Basic Skills Requirement: successful passage of the California Basic Educational Skills Test (CBEST), CSET Multiple Subjects Test plus Writing Skills Test, OR an approved out-of-state basic skills exam (required for admission). Refer to the Department application for additional ways of satisfying the Basic Skills Requirement using the ELM/ EPT, SAT, and/ or ACT scores.
- Complete Certificate of Clearance: Fingerprint Clearance via LiveScan and Commission on Teacher Credentialing online application (required for admission).
- Complete a Certificate of Clearance (fingerprinting) prior to fieldwork (required for admission).
- Pass the Reading Instruction Competence Assessment (R.I.C.A.) examination. RICA is required for all education specialist areas, except Early Childhood Special Education, prior to award of Credential.
- Apply for student teaching, with annual deadlines of February 28 for fall enrollment and September 28 for spring enrollment.
- Submit a Credential Approved Program (CAP) prior to student teaching reflecting all course work completed or to be completed and non-curricular requirements (submitted with the application for student teaching).
- Cardiopulmonary Resuscitation (CPR): must cover infant, child and adult CPR; online course not acceptable.

Education Specialist Credentials: Special Education

Core Requirements for Preliminary Education Specialist Credentials (7–9 Units)

| H ED 630 | Elementary School Health | 3 |
Prerequisite: Preliminary Education Specialist Credential

following preliminary education specialist credentials: Mild/Moderate

wish to work with young children from birth through five years with the

earning a separate Early Childhood Special Education Credential. This

for Education Specialist Teaching Credentials and for individuals not

The certificate program is supplemental to authorization programs

Early Childhood Special Education Certificate (38–50

Units)

The certificate program is supplemental to authorization programs

for Education Specialist Teaching Credentials and for individuals not

earning a separate Early Childhood Special Education Credential. This

supplemental certificate expands authorization for individuals who

wish to work with young children from birth through five years with the

following preliminary education specialist credentials: Mild/Moderate

Prerequisite: Preliminary Education Specialist Credential

SPED 729 Student Teaching Workshop: Early Childhood Special Education (2 units total) 1

Health Education courses are offered through the College of Extended Learning. A list of health education courses approved for substitution is available on the department website: spedcd.sfsu.edu/content/forms-0 (http://spedcd.sfsu.edu/content/forms-0)

General Education Requirements (6 Units)

Not required if the student possesses a Multiple Subject or Single Subject Credential, or if pursuing Early Childhood Special Education preliminary credential.

E ED 784 Curriculum and Instruction in Mathematics (CLAD Emphasis) 3

E ED 882 Literacy Instruction in K-12 Classrooms 3

or E ED 708 First and Second Language Development in Early Childhood Education

### Clear Education Specialist Teaching Credential – 6 units

The Clear Education Specialist Teaching Credential at San Francisco State University is a field-based program. Starting in Fall 2010, all students admitted to the Clear Education Specialist Credential enroll in SPED 740 over two consecutive semesters.

**Clear Credential Requirements**

<table>
<thead>

In addition to SPED 740, students who completed the former Preliminary Level I Education Specialist Credential prior to September 1, 2010, may be advised to take a few additional classes if not previously completed (e.g., SPED 763; SPED 791; SPED 825; and Health Education requirement).

The Clear Education Specialist Credential enables teachers to apply their Preliminary preparation to the demands of professional positions while also gaining advanced skills and knowledge. Requirements include the following:

- Recommendation for the Preliminary Education Specialist program.
- Preparation and completion of a Credential Approved Program reflecting a summary of course work completed and non-curricular requirements associated with the Clear program, including enrollment in SPED 740 over two consecutive semesters.

Guidelines and forms are available at spedcd.sfsu.edu (http://spedcd.sfsu.edu). The website provides all forms and guidelines.
