Mission
The Department of Equity, Leadership Studies, and Instructional Technologies (ELSIT) is a unique multidisciplinary unit that is composed of five MA degree programs (Adult Education, Educational Administration, Equity and Social Justice Education, Instructional Technologies, and Special Interest in Education), one credential program (Administrative Services), and one high school outreach program (Step to College). The department also serves undergraduate programs with General Education (GE) requirement courses in quantitative reasoning, instructional technologies, and equity and social justice.

Our fundamental belief is that all humans are valued and appreciated for their individuality. Accordingly, we offer learning opportunities that seek to enable all students to reach their full potential. At the core of what we do is an ethic of care. This ethic infuses all of our work to build a community of learners, educators, and leaders, and to create equitable learning spaces, curricula, pedagogies, technologies, and scholarship.

ELSIT’s programs seamlessly weave research and practice together so that students experience inclusive and applied learning that integrates equity and social justice with social, cultural, political, spiritual, economic, and environmental issues. This praxis imbues our teaching, learning, research, lifelong learning, scholarship, and technologies with equity and social justice to establish a foundation of knowledge grounded in democratic values.

In ELSIT we engage our students in meaningful dialogue that promotes introspection and critical reflection. We acknowledge that students and faculty bring with them lived experiences that inform all of our teaching and learning. Knowledge in our programs is thus not owned by any single entity, but is a collective construction of all.

ELSIT prepares professionals to critically examine inequities and work to challenge and eradicate them. Our students become teachers, administrators, facilitators, curriculum developers, trainers, advocates, activists, and ultimately, change agents. We are a part of the many communities that surround us. We thus work to build meaningful relationships sustained by program values so that our students become invested future leaders and active community members.

Program Scope and Career Outlook
The Department of Equity, Leadership Studies, and Instructional Technologies responds actively to the changing needs of schools, communities, and other institutions and provides creative, professional leadership.

The department attracts students from a variety of backgrounds with diverse career goals. Through faculty advisement, a program is planned for each student to match prior training and experience, current interests, and career aspirations. The programs lead to professional roles in public and private schools, government agencies, social agencies, and industry. Possible career opportunities include leadership positions in elementary and secondary schools and community colleges; staff training positions; adult education leadership or practitioner roles; and positions in research, measurement, and evaluation.

Master of Arts Degree Options
The ELSIT Department offers Master of Arts Degrees in the following areas:

- Master of Arts in Equity and Social Justice
- Master of Arts in Educational Administration
- Master of Arts in Instructional Technologies
- Master of Arts in Adult Education
- Master of Arts in Special Interest Area

Administrative Services Credential
The ELSIT Department offers a Tier 1 Administrative Services Credential. This credential program is a 12-month hybrid program, beginning in January of each year, and ending in December of the same year. Students obtain a Master of Arts Degree in Educational Administration as part of this credential program. See Credential Programs (bulletin.sfsu.edu/about-sfsu/degrees-offered/credentials/) for more information.
