BACHELOR OF ARTS IN AMERICAN INDIAN STUDIES

The Bachelor of Arts in American Indian Studies (AIS) is designed to challenge students to think critically about the differences and similarities between American Indians’ lives of the past and present and their own. The emphasis placed on duality in the curriculum, links the concerns of tribal communities with academic rigor, enable our faculty to harness their expertise and passion for teaching in ways that lead to greater student cultural competence and prepare them to meet high expectations. The curriculum is focused on four areas of emphasis: 1) California Indian Studies; 2) American Indian Creative Arts and Humanities; 3) Law, Politics and Society; and 4) Science, Health, and Environmental Studies. The knowledge base within these areas prepare students to work academically – and in advocacy – with both tribal and urban Native communities within California and the United States. The courses comprising the B.A. challenge students to actively question the most ingrained myths about American Indians, the roles they have played in the United States and internationally, over time, and the goals of historical and contemporary cultural maintenance and revitalization movements. The program also includes an international, comparative perspective and coalitional politics with Native peoples of U.S. occupied territories and more broadly within the Americas and the Pacific. AIS courses are taught by faculty wedded to the belief that community relationships and pedagogical rigor are the cornerstones upon which student success within the curriculum rests. AIS faculty represent a small cadre of scholars who have distinguished themselves both nationally and internationally by pushing accepted boundaries within and outside of the field in the areas of cultural ecology, ethnography, ethnolinguistics, history of consciousness, mixed-race studies, and music. The interdisciplinary pedagogical excellence of the AIS faculty enables preparation of the next generation of inquisitive American Indian Studies scholars that have a responsibility to Native peoples of California and the United States. AIS Majors experience a balanced classroom education with an active community participatory learning component and are required to regularly seek advising from an AIS faculty member. Completing the Bachelor of Arts in American Indian Studies (AIS) empowers students to do the following:

1. Students will understand the complex histories, politics, and social issues confronting Native peoples in the context of U.S. colonization, imperialism, and globalization. This understanding will include awareness of the diverse political strategies used by Native peoples to confront the historical legacies of dispossession, genocide, and social inequity and discrimination, including legal action for land restoration and cultural conservation/revitalization efforts.
2. Students will compare and contrast the uniqueness of Native epistemologies and their articulation in contemporary forms of cultural media, such as through literature and the creative arts.
3. Students will gain invaluable experiential knowledge through community service learning, as a way of connecting classroom education to career preparation and advisement.
4. Students will develop the necessary analytical, oral communication, information literacy, and writing skills to prepare them for careers or graduate school in areas related to American Indian Studies.

Community Service Learning

Many courses within the major provide a Community Service Learning (CSL) option, including AIS 205 and AIS 460. This option allows students to integrate classroom education with community participatory learning. Students are enrolled in an AIS core or elective course plus AIS 694 and work with an organization approved by the department for 15–45 hours over the course of the semester (depending on the units). AIS 694 is entirely on-line, with requirements that include short written assignments and a book review. Organizations with which students have served in the past include the American Indian Child Resource Center, California Indian Legal Services, The Cultural Conservancy, International Indian Treaty Council, and the Native American Health Center.

Career Outlook

An American Indian Studies major provides a diverse foundation of knowledge and skills that can be applied to a number of careers. American Indian Studies alumni have and can anticipate securing employment in: agricultural and pastoral enterprises; environmental and cultural rights organizations; ethnography and cultural programs; health care and social work; media and telecommunications industries; museums and cultural centers; teaching; tribal businesses and government; the traditional arts; and, federal and state agencies like the Bureau of Indian Affairs, Environmental Protection Agency, Indian Health Services, National and State Park Services, Title IX Indian Education Program, the U.S. Department of Justice Civil Rights Division, and the U.S. Department of Labor.

American Indian Studies (B.A.) — 39 Units

Core Requirements (21 Units)

Students in the major must earn a grade of C or better for each course in the core.

AIS 100 Introduction to American Indian Studies 3
AIS 150 American Indian History in the United States 3
AIS 160 Survey of Native California 3
AIS 205 American Indians and U.S. Laws 3
AIS 300 American Indian Studies Research Methodologies 3
AIS 680 American Indian Studies Senior Seminar 3
AIS 694 Community Service Learning (1-3 unit options for a 1-3 total of 3 in any combination)

Elective Requirements (18 Units)

The elective requirements are organized into four areas of emphasis. Upon advisement, students may select one course from each area of emphasis (12 units total) and an additional two courses (6 units total) for a total of 18 units; or, they may complete six courses (18 units total) in one area of emphasis where available. Fifteen units must be completed at the upper-division level. Upon department approval, students may choose up to two elective courses (up to 6 units) from other departments/programs on campus.

1. California Indian Studies (additional courses in development)

AIS 410 Perspectives of Native California Indians 3
AIS 694 Community Service Learning (for up to 3 additional 1-3 units to the core requirement)

2. Creative Arts and the Humanities

AIS 162 American Indian Oral Literature 3
Bachelor of Arts in American Indian Studies

Complementary Studies

Students completing a Bachelor of Arts in American Indian Studies must complete twelve units in complementary studies in courses bearing a prefix other than AIS or courses cross-listed with AIS. These units may be in

1. a language other than English;
2. one course from AAS, AFRS, LTNS, and RRS;
3. or four courses from one prefix: AAS or AFRS or LTNS or RRS,
4. partial completion of a minor or certificate;
5. units earned in a study abroad program; or
6. a coherent group of courses complementary to the major.

With the approval of an advisor in the major, courses which fulfill the complementary studies requirement may be lower or upper division units, resident or transfer units.

Social Sciences: UD 3 UD-D

SF State Studies

Courses certified as meeting the SF State Studies requirements may be upper or lower division in General Education (GE), in a major or minor, or an elective.

American Ethnic and Racial Minorities (AERM): LD or UD 3
Environmental Sustainability (ES): LD or UD 3
Global Perspectives (GP): LD or UD 3
Social Justice (SJ): LD or UD 3

Note: LD = Lower Division; UD = Upper Division.

Note: A minimum of 40 upper division units must be completed for the degree (including upper division units required for the major, general education, electives, etc.). A student can complete this major yet not attain the necessary number of upper division units required for graduation. In this case, additional upper division courses will be needed to reach the required total.

Transfer Student Roadmap (2 Year)

For students with an AA-T in Social Justice Studies. This roadmap opens in a new tab. (bulletin.sfsu.edu/colleges/ethnic-studies/american-indian-studies/ba-american-indian-studies/adt-roadmap.html)
This degree program is an approved pathway ("similar" major) for students earning the ADT in Social Justice Studies

California legislation SB 1440 (2009) mandated the creation of the Associate Degree for Transfer (ADT) to be awarded by the California Community Colleges. Two types of ADTs are awarded: Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T). Note: no specific degree is required for admission as an upper-division student. However, the ADT includes specific guarantees related to admission and graduation, and is designed to clarify the transfer process and strengthen lower-division preparation for the major.

An ADT totals 60 units and includes completion of all lower-division General Education requirements and at least 18 units in a specific major. Students pursuing an ADT are guaranteed admission to the CSU if minimum eligibility requirements are met, though not necessarily to the CSU campus of primary choice.

Upon verification that the ADT has been awarded prior to matriculation at SF State, students are guaranteed B.A. or B.S. completion in 60 units if pursuing a "similar" major after transfer. Determinations about "similar" majors at SF State are made by faculty in the discipline.

Degree completion in 60 units cannot be guaranteed when a student simultaneously pursues an additional major, a minor, certificate, or credential.

A sample advising roadmap for students who have earned an ADT and continue in a "similar" major at SF State is available on the Roadmaps tab and displays:

- How many lower-division units required for the major have been completed upon entry based on award of a specific ADT;
- Which lower-division requirements are considered complete upon entry based on award of a specific ADT;
- How to complete the remaining 60 units for the degree in four semesters.

Students who have earned an ADT should seek advising in the major department during the first semester of attendance.

General Advising Information for Transfer Students

1. Before transfer, complete as many lower division requirements or electives for this major as possible.
2. The following courses are not required for admission, but are required for graduation. Students are strongly encouraged to complete these units before transfer; doing so will provide more flexibility in course selection after transfer.
   - a course in U.S. History
   - a course in U.S. & California Government
   - a 2nd-semester course in written English composition

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://www.assist.org. Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

- Which courses at a CCC satisfy any lower division major requirements for this major, including 2nd-semester composition;

Remedial courses are not transferable and do not apply to the minimum 60 units/90 quarters required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper division transfer (for example, if course was not passed on the first attempt, or was taken to earn a better grade).

Before leaving the last California community college of attendance, obtain a summary of completion of lower division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State. Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering and mathematics (STEM) disciplines often defer 6-9 units of lower division general education in areas C and D until after transfer in order to focus on preparation courses for the major. (This advice does not apply to students pursuing associate degree completion before transfer.)

Transferring from institutions other than CCCs or CSUs

Review SF State’s lower division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (GE A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit http://bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Identify and complete a 2nd-semester written English composition course before transfer. This is usually the next course after the typical “freshman comp” course, with a focus on writing, reading and critical analytical skills for academic purposes, and developing skills in composing, revising, and the use of rhetorical strategies.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.
All students must meet the transfer eligibility requirements outlined below for admission. For more information, visit the Undergraduate Admissions section.

- Complete 60 or more transferable semester units or 90 or more quarter units
- Earn a college grade point average of 2.00 or better in all transferable courses. Non-local area residents may be held to a higher GPA standard.
- Be in good standing at the last college or university attended
- Complete 30 semester units (45 quarter units) of general education, including four basic skills courses:
  a. One course in oral communication (same as CSU GE area A1)
  b. One course in written composition (same as CSU GE area A2)
  c. One course in critical thinking (same as CSU GE area A3)
  d. One course in mathematics or quantitative reasoning, with intermediate algebra as a prerequisite (same as CSU GE area B4)

- The four basic skills courses and a minimum of 60 transferable semester units (90 quarter units) must be completed by the spring semester prior to fall admission, or by the fall semester prior to spring admission. Earn a “C” or better grade in each basic skills course.
