This is a sample pathway for students who transfer to San Francisco State University in the current Bulletin year with an AS-T in Nutrition and Dietetics. At least 16 units in the major and all lower division GE requirements have been satisfied. Additional units in the major may have been satisfied. Check with a major advisor about the most appropriate course sequence. **Degree completion guaranteed in 60 units; see the Associate Degree for Transfer (ADT) section for more information** (http://bulletin.sfsu.edu/undergraduate-admissions/transfer-students).

**To Do at SF State:**

- Enough total units to reach 120 minimum for graduation; 40 units minimum at the upper division level; to include the following:

**University-wide requirements: 9-15 units**

- American Institutions (0-6 units) - US History, US Government, California State and Local Government. See next bullet if not completed before transfer.
- Upper Division GE, areas B, C and D (9 units) – Courses required for the major may double-count if approved for UD GE.
- Students entering this major with the AS-T in NUTR are not required to fulfill SF State Studies or Complementary Studies requirements.

**Nutrition and Dietetics major – Concentration in Foods and Community Nutrition: 27 - 31 units**

- Core Requirements (includes University GWAR course): 24 - 27 units
  - CHEM 115, NUTR 253, and PSY 200 met before transfer. MATH 124 may have been met before transfer.
- Professional Requirement: 3 units
- Electives: 0-2 units
  - BIOL 210+BIOL 211 met before transfer.
  - BIOL 212+BIOL 213 and/or BIOL 220 may have been met before transfer.
University electives: 15 or more units

Depends on course choices made at the community college, how transferred units are applied to the requirements above, and course choices at SF State - some courses may meet more than one requirement, e.g. in both UD GE and the major.
