# Bachelor of Arts in Environmental Studies Associate Degree for Transfer Roadmap

This is a sample pathway for students who transfer to San Francisco State University in the current Bulletin year with an AS-T in Environmental Science. Eight units in the major (CHEM 115 and GEOG 101) and all lower-division GE requirements have been satisfied. Check with a major advisor about the most appropriate course sequence. Degree completion guaranteed in 60 units; see the Associate Degree for Transfer (ADT) section for more information.

Guided Electives (11-12 units)
Select 11-12 units not used to satisfy the other major requirements. Electives should be organized into a coherent area of study; three suggested pathways are shown below. Environmental Sustainability and Social Justice, The Urban Environment, and Humanities and the Environment. These pathways are not mandatory; students interested in alternative routes through the elective portion of the major should consult with an advisor.

Guided Elective Pathway 1: Environmental Sustainability and Social Justice
The Environmental Sustainability and Social Justice guided electives provide students with a theoretical and applied understanding of the issues of sustainability and the connections between social justice and environmental problems and solutions. Students study the roles that values and social, political, and economic structures play in contributing to the environmental crisis. With the help of an advisor, students obtain depth by selecting elective courses from political science, American Indian studies, sociology, philosophy and religion, economics, urban studies and planning, geography, women and gender studies, and other related fields.
Take 11-12 units. Two courses must be from the shortlist. Courses used to meet other requirements of the major cannot also be used to meet the environmental sustainability and social justice emphasis requirements.

Shortlist:
- ENVS 460 Energy, Justice, and Sustainability (3 units)
- ENVS 470 Climate Politics and Policy (3 units) (ES, GP)
- ENVS 480 Climate Change Adaptation and Justice (3 units)
- ENVS 530 Environmental Leadership and Organizing (3 units)
- ENVS 570 Applied Local Sustainability (3 units) (ES)
- GEOG 421 Future Environments (3 units) (UD-D, ES, SJ)
- PLSI 354 Politics, the Environment, and Social Change (4 units) (UD-D, ES, SJ)
- USP 514 Sustainable Development in Cities (4 units) (ES, SJ)
- USP 515/GEOG 667 Environmental Justice: Race, Poverty, and the Environment (4 units) (ES, GP, SJ)

Longlist:
- AIS 310 American Indian Religion and Philosophy (3 units) (UD-C, AERM, GP, SJ)
- BECA 502 Environmental Communication on Electronic Media (3 units) (UD-C, ES, SJ)
- BIOL 349 Bioethics (3 units) (UD-B, SJ)
- BUS 450 Greening of Business (3 units)
- CINE 344 Film Genre (3 units)
- CST 300/PLSI 386 Introduction to Critical Social Thought (3 units) (UD-D, SJ)

Humans and the Environment Emphasis (11–12 units)

The Humanities and the Environment guided electives explore the varied and complex ways that different cultures—past and present—view and communicate about the environment. With an advisor, students choose coursework in disciplines dealing with verbal or visual communication, such as communication studies, creative writing, technical and professional writing, ethnic studies, journalism, photography, design, electronic media, and cinema.

Take 11-12 units. Two courses must be from the shortlist. Courses used to meet other requirements of the major cannot also be used to meet the Humanities and the Environment emphasis requirements.

**To Do at SF State:**
Enough total units to reach 120 minimum for graduation; 30 units minimum at the upper-division level; to include the following:

**University-Wide Requirements: 9-15 units**

- Upper-Division GE Areas B, C, and D (9 units) – Upper-division GE (9 units): Courses required for the major may double-count if approved for UD GE.
- Students entering the major with the AS-T in ENVS are not required to fulfill SF State Studies requirements.
- Complementary Studies: Students must take at least 12 units with a prefix other than ENVS (includes courses cross-listed with ENVS). Consult with a major advisor.

**Environmental Studies major: 37-42 units**

- Core (13-15 units) - CHEM 115 met in ADT.
- Core/Electives (13-15 units) – one course from each of four categories (Physical Environment met in ADT: GEOG 101).
- Guided Electives (11-12 units)

**University Electives: 3 or more units**
Units depending on course choices made at the community college, how transferred units are applied to the requirements above, and course choices at SF State - some courses may meet more than one requirement, e.g., in both UD GE and the major.
