BACHELOR OF ARTS IN ART: CONCENTRATION IN STUDIO ART

The Bachelor of Arts in Art (Studio Art Concentration) provides students with experience and skills in studio art practice, including the areas of: Ceramics, Digital Media & Emerging Technology, Painting and Drawing, Printmaking, Photography, Sculpture, and Textiles, as well as interdisciplinary investigations that cross over these areas. Students are encouraged to explore different areas of studio art production in order to acquire a broad background in various mediums and techniques. Classes in Art History help students develop skills in writing, research, and knowledge of the histories and institutions of art in a global context. As they progress in the degree students move from Introductory (200-level) course to Foundation (300-level) course to Intermediate (400-level) and Advanced (500-level) courses. All majors must take at least one 300-level Foundation course, and it is recommended that students a 300-level class before they progress to 400- and 500-level coursework. During their final year, students take an Interdisciplinary studio capstone course (either ART 600: Studio Process and Professional Practices or ART 619 Exhibition Design), which combines research, writing, seminar, and critique to reflect upon work made in previous studio courses and contextualize it within professional and institutional practices of the field. The program takes advantage of the Bay Area’s rich cultural resources, galleries, museums, and art community through field trips and visiting artists. Students are also encouraged to gain hands-on experience and practical knowledge of the field through an internship. All students must also take ART 509 a 1-unit Art Professional Service Practicum in which they gain experience in studio and gallery/museum fields, including research assistants, gallery attendants, studio art production assistants.

Program Learning Outcomes

The B.A. in Art: Studio Art Concentration Program Learning Outcomes are guided by six core values that inform studio art practice (Form, Content, Communication, Context, Innovation, and Ethics). Upon graduation, students will be able to:

1. **FORM**: Utilize appropriate techniques, media, and processes to skillfully create artistic form.
2. **CONTENT**: Apply research practice to generate ideas and to understand and strengthen the relationship between form, medium, content, and artistic intention.
3. **COMMUNICATION**: Discern meaning, quality, and value in works of art and communicate about this effectively in critiques and in writing.
4. **CONTEXT**: Understand the historical, cultural, and institutional contexts in which art is experienced and use this knowledge to inform creating, archiving, documenting, and presenting works of art.
5. **INNOVATION**: Apply processes of experimentation (revision, refinement, critical reflection on successes and failures) to develop curiosity and imagination and use self-directed research to create a portfolio of work.
6. **ETHICS**: Develop studio art best practices (including a work ethic, concentration, and time-management skills; proper equipment and tool use; health & safety protocol; sense of community/cooperation and respect for others and for the space) and

Steps to Change Major

At the time of admission to the University, no special permission, application, or portfolio review is required to declare the art major. Juniors or seniors who have declared another major, but wish to change their major to Art with a concentration in Studio Art must attend a major group advising session. Email sch_art@sfsu for information and advising session dates.

- For students transferring from other institutions, a minimum of 12 units in residence is required.

Students should be aware that art practice is time-consuming and expensive. Instructional Materials Fees are required for most studio courses, and students may find themselves spending additional sums of money on their projects.

Studio practice courses require hands-on practice and experience; this limits the number of students who can enroll in such courses.

Advising

Students are strongly encouraged to consult with a major advisor on a regular basis as they advance through the program. A list of departmental advisors and contact information can be found on the school’s website: http://art.sfsu.edu/pages/academic-advising (http://art.sfsu.edu/pages/academic-advising/).

Students are also advised to consult with the University’s Advising Center for information about General Education and other University requirements, as well as the Advising Resource Center in the College of Liberal & Creative Arts: http://lca.sfsu.edu/students#/arc (http://lca.sfsu.edu/students#/arc).

General Education Requirements Met in the Art Major:

The requirement below is deemed “met in the major” upon completion of the courses listed (even though the courses are not approved for GE). This is true whether or not the student completes the major.

- Area C1 (Arts) is satisfied upon completion of both ARTH 201 and ARTH 202.

Before advancing to the 300-level or higher courses or declaring a concentration, all majors must have completed the University's lower division requirements and the lower division courses for the major, or equivalent. Change of major students must also have proof of art advisor consultation.

Upper Division Art History (6 Units)
Choose two upper division courses: one in 20th/21st-century art and one non-European art (unless non-European requirement was met in lower division art history).

Upper Division Studio Art (21 Units)
Choose one, two, or three studio areas to develop skills that will lead to developing a guided, personally directed body of work in a capstone course in the senior year.

Art Productions (1 Unit)

Complementary Studies
All candidates for the Bachelor of Arts degree in Art must complete 12 units of complementary studies from courses bearing a prefix other than ART, and not cross-listed with ART.

Students may satisfy this requirement in a variety of ways designed to facilitate timely graduation. Under advisement students may complete 12 units of coursework in a single foreign language, an approved study abroad program, partial completion of a second major, minor, or certificate program in a related area of study. Related areas include Museum Studies, Design and Industry, Cinema, Music and Dance, Theatre, and Business. Requirements vary for each of the four Art concentrations (Studio; Art History, Art Education, and Studio/Art History) and students are strongly encouraged to work closely with their major advisor toward completion of this requirement.

Students who have earned AA-T or AS-T degrees and are pursuing a similar B.A. degree at SF State are required to fulfill the Complementary Studies requirement as defined by the major department. Students should consult with a major advisor about how transfer units and/or SF State units can best be applied to this requirement in order to ensure degree completion within 60 units.

Note: Students who complete two majors, or a major and a minor, automatically complete the complementary studies requirement.

Complementary Studies

All candidates for the Bachelor of Arts degree in Art must complete 12 units of complementary studies from courses bearing a prefix other than ART, and not cross-listed with ART.

Students may satisfy this requirement in a variety of ways designed to facilitate timely graduation. Under advisement students may complete 12 units of coursework in a single foreign language, an approved study abroad program, partial completion of a second major, minor, or certificate program in a related area of study. Related areas include Museum Studies, Design and Industry, Cinema, Music and Dance, Theatre, and Business. Requirements vary for each of the four Art concentrations (Studio; Art History, Art Education, and Studio/Art History) and students are strongly encouraged to work closely with their major advisor toward completion of this requirement.

Students who have earned AA-T or AS-T degrees and are pursuing a similar B.A. degree at SF State are required to fulfill the Complementary Studies requirement as defined by the major department. Students should consult with a major advisor about how transfer units and/or SF State units can best be applied to this requirement in order to ensure degree completion within 60 units.

Note: LD = Lower-Division; UD = Upper-Division.

First-Time Student Roadmap (4 Year)

Find the correct roadmap (A, B, C, or D):

1. Select the row that matches your English Course choice for A2.*
2. Select the column that matches your QR Category (found at your student center under Math Alert).
3. Click the Roadmap that lines up with your row and column.

For example, if you are taking ENG 104 as your first English course and your student center math alert says you are QR Category III, you should choose Roadmap D.
A sample advising roadmap for students who have earned an ADT and continue in a "similar" major at SF State is available on the Roadmaps tab on the degree requirements page for the major. The roadmap displays:

- How many lower-division units required for the major have been completed upon entry based on the award of a specific ADT;
- Which lower-division requirements are considered complete upon entry based on the award of a specific ADT;
- How to complete the remaining 60 units for the degree in four semesters.

Students who have earned an ADT should seek advising in the major department during the first semester of attendance.

**General Advising Information for Transfer Students**

1. Before transfer, complete as many lower-division requirements or electives for this major as possible.
2. The following courses are required for admission but are required for graduation. Students are strongly encouraged to complete these units before transfer; doing so will provide more flexibility in course selection after transfer.
   - a course in U.S. History
   - a course in U.S. & California Government

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://www.assist.org (http://assist.org). Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

- Which courses at a CCC satisfy any lower-division major requirements for this major;

Remedial courses are not transferable and do not apply to the minimum 60 semester units/90 quarter units required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper-division transfer (for example, if a course was not passed on the first attempt or was taken to earn a better grade).

Before leaving the last California Community College of attendance, obtain a summary of completion of lower-division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State. Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering, and mathematics (STEM) disciplines often defer 6-9 units of lower-division General Education in Areas C and D until after transfer to focus on...
preparation courses for the major. This advice does not apply to students pursuing associate degree completion before transfer.

**Transferring From Institutions Other Than CCCs or CSUs**

Review SF State’s lower-division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower-division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.

**All Students Must Meet the Transfer Eligibility Requirements Outlined Below for Admission.**

For more information, visit the Undergraduate Admissions section (http://bulletin.sfsu.edu/undergraduate-admissions/).

- Complete 60 or more transferable semester units or 90 or more quarter units.
- Earn a college grade point average of 2.0 or better in all transferable courses. Non-local area residents may be held to a higher GPA standard.
- Be in good standing at the last college or university attended.
- Complete 30-semester units (45-quarter units) of General Education, including four basic skills courses:
  a. One course in oral communication (same as CSU GE Area A1)
  b. One course in written composition (same as CSU GE Area A2)
  c. One course in critical thinking (same as CSU GE Area A3)
  d. One course in mathematics or quantitative reasoning (same as CSU GE Area B4)
- The four basic skills courses and a minimum of 60 transferable semester units (90-quarter units) must be completed by the spring semester prior to fall admission, or by the fall semester prior to spring admission. Earn a C- or better grade in each basic skills course.
