# Bachelor of Arts in English: Concentration in English Education

## General Information

Students considering teaching in the secondary schools should see a departmental credential advisor before planning their program. Specific courses and an assessment of competencies are required for admission to the Secondary Education Credential program. Students should also contact the Credential and Graduate Services Center, Burk Hall 244, (415) 405–3594, regarding teaching credential information.

English majors with concentrations in Literature, Linguistics, or Individual Major are required to complete a 45 unit program consisting of six units of lower-division prerequisites, 15 units of core requirements, 21 units in an area of concentration, and three units of culminating experience. English majors with a concentration in English Education must complete six units of lower-division prerequisites, 12 units of core requirements, between 23 and 26 units in the concentration (including three units of culminating experience), plus 12 to 22 units in an area of emphasis.

A maximum of nine units of work in lower-division literature courses may be accepted for credit in the major upon consent of an advisor.

Completion of ENG 480GW with a grade of C or higher fulfills the Graduation Writing Assessment Requirement (GWAR) for all English majors.

Culminating Experience must be completed during either the final semester, or one of the semesters of the student’s final (senior) year, depending on the English major concentration. For more information, please refer to the relevant major concentration section in this Bulletin.

Important Notes

1. Students must have a GPA of 2.0 or higher in the major, and no grade in the major lower than C– (except for ENG 480GW, which requires a grade of C or higher).

2. Only courses in which students earn a B– or better will count towards subject matter competency for admission into a California credential program. Students who earn lower grades in any of the courses required for their major will need to take the California Subject Examination for Teachers (CSET) to establish subject matter competency.

Courses for subject matter competency may not be taken CR/NC.

3. Admission to the credential program at SF State requires a GPA of 2.75 (B–) or better.

4. Check with an English Education advisor for specific courses that meet the requirements in the English Education concentration and with an advisor in your emphasis area to ensure that your electives are approved.

5. Candidates pursuing an emphasis in drama should see a minor advisor in Theatre Arts to learn how to supplement the English Education major with a minor. The drama emphasis area allows substitutions in the English Education Concentration. See an advisor if you are considering this area.

Candidates with a particular interest in communication studies or comparative and world literature can pursue special strands within those majors for subject matter competency in English.

Electronic Portfolio
Candidates in English Education must register for ENG 688 during their final semester, when they will compile an electronic portfolio to demonstrate that they have met all of the core outcomes of the Single Subject Program. They should include artifacts—examples of their work, and faculty and peer comments on their work—and reflections that explicitly tie elements of the artifacts to the outcome statements.

Complementary Studies Requirement for English Majors
Twelve units of complementary studies are required of all candidates in any of the four concentrations (Literature, Linguistics, English Education and Individual Major) in the Bachelor of Arts degree in English. These units must come from courses bearing a prefix other than ENG, and must not be cross-listed with ENG. English majors will be offered four pathways for satisfying this requirement; each pathway is designed to facilitate graduation in a timely manner.

1. Foreign Language: 12 units in a single foreign language;

2. 2nd Major, Minor, or Certificate: 12 units of course work taken as part of a second major, a minor or a certificate;

3. Study Abroad: 12 units of course work taken in an approved study abroad program (such as CSU Study Abroad);

4. Related Subjects: 12 units of course work in related disciplines with the approval of an English Department advisor.

Related subjects typically include (but are not limited to) Comparative and World Literature, Classics, Creative Writing, Ethnic Studies, Foreign Languages, History, Journalism, and Women and Gender Studies. For this option, six units must be from classes in a non-literary related field.

Depending on the concentration within the major, CS pathway, and with the approval of a departmental advisor, up to 12 units from courses with non-ENG prefixes that count towards the Complementary Studies requirement may also count as English electives in fulfillment of Major requirements.

Students who have earned AA-T or AS-T degrees and are pursuing a similar B.A. degree at SF State are required to fulfill the Complementary Studies requirement as defined by the major department. Students should consult with a major advisor about how transfer units and/or SF State units can best be applied to this requirement in order to ensure degree completion within 60 units.

**General Advising Information for Transfer Students**

1. Before transfer, complete as many lower division requirements or electives for this major as possible.

2. The following courses are not required for admission, but are required for graduation. Students are strongly encouraged to complete these units before transfer; doing so will provide more flexibility in course selection after transfer.
   - a course in U.S. History
   - a course in U.S. & California Government
   - a 2nd-semester course in written English composition

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://www.assist.org. Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

- Which courses at a CCC satisfy any lower division major requirements for this major, including 2nd-semester composition;

Remedial courses are not transferable and do not apply to the minimum 60 units/90 quarters required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper division transfer (for example, if course was not passed on the first attempt, or was taken to earn a better grade).

Before leaving the last California community college of attendance, obtain a summary of completion of lower division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State. Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering and mathematics (STEM) disciplines often defer 6-9 units of lower division general education in areas C and D until after transfer in order to focus on preparation courses for the major. (This advice does not apply to students pursuing associate degree completion before transfer.)

**Transferring from institutions other than CCCs or CSUs**

Review SF State's lower division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State's lower division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (GE A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit http://bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.
Identify and complete a 2nd-semester written English composition course before transfer. This is usually the next course after the typical “freshman comp” course, with a focus on writing, reading and critical analytical skills for academic purposes, and developing skills in composing, revising, and the use of rhetorical strategies.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.

All students must meet the transfer eligibility requirements outlined below for admission.

For more information, visit the Undergraduate Admissions section.

• Complete 60 or more transferable semester units or 90 or more quarter units
• Earn a college grade point average of 2.00 or better in all transferable courses. Non-local area residents may be held to a higher GPA standard.
• Be in good standing at the last college or university attended
• Complete 30 semester units (45 quarter units) of general education, including four basic skills courses:
  a. One course in oral communication (same as CSU GE area A1)
  b. One course in written composition (same as CSU GE area A2)
  c. One course in critical thinking (same as CSU GE area A3)
  d. One course in mathematics or quantitative reasoning, with intermediate algebra as a prerequisite (same as CSU GE area B4)
• The four basic skills courses and a minimum of 60 transferable semester units (90 quarter units) must be completed by the spring semester prior to fall admission, or by the fall semester prior to spring admission. Earn a “C” or better grade in each basic skills course.
