BACHELOR OF ARTS IN ENGLISH: CONCENTRATION IN LITERATURE

General Information
The English Department at SF State provides opportunities for students to study in a variety of subfields that make up the English major. Join us and become part of a racially, linguistically, and culturally diverse community of learners engaging in dialog between our histories and experiences, and new ideas and literacies.

The Literature concentration offers students a historically grounded study of British, American, and “post-colonial” Anglophone literatures. The curriculum includes two upper-division survey courses intended to provide students with a knowledge foundation of literary movements, figures, and forms with attention to transatlantic and global contexts. Literature majors also take an introductory course in Linguistics, an introductory course in Professional Writing and Rhetoric, an upper-division Shakespeare course, at least one course in literary theory or criticism and at least one course in anglophone literature produced outside of Britain or America.

The Literature program also offers a wide range of courses centered on specific authors (Austen, Chaucer, Woolf), historical periods (“Age of Victorians,” “American Literature 1914-1960”), genres (“Detective Fiction,” “Post-Apocalyptic Science Fiction,” “Lyric Forms”), and other special topics (“18thc. Women Writers,” “Devils and Angels”), allowing students to pursue their individual interests and pleasures in fulfilling their elective units. No matter what the subject, all courses within the major foster students’ close reading, writing, and analytical skills. Literature majors can expect to hone their aptitude for writing, research, oral communication, and analytical thinking. This practical skill set prepares our majors for many career opportunities, including teaching, writing and publishing, law, information science, business and marketing, and more.

Program Learning Outcomes
1. Students will be able to differentiate how language use varies across the contexts and genres of professional writing and rhetoric, literature, and linguistics. (Disciplinary Knowledge)
2. Students will be able to formulate and pursue methodologically sound lines of inquiry, effectively placing their ideas side by side the ideas of others, drawing persuasively on credible primary and secondary sources. (Research)
3. Students will be able to produce rhetorically effective texts across a range of digital, print, and multimedia formats. (Written Communication/Digital Literacy)
4. Students will be able to carefully read and critically examine the ways in which culture and global context affect language, literature, and writing. (Global Perspectives)
5. Students will be able to analyze language and texts in relation to the historical and social contexts in which they are situated. (Historical Thinking)
6. Students will be able to apply critical thinking, close reading, and rhetorical persuasion to engage productively and ethically in scholarly, civic, and professional communities. (Application & Engagement)
7. Students in the literature concentration will be able to perform close readings of complex literary texts with attention to content, connotation, allusion, and thematic purpose.
8. Students in the literature concentration will be able to analyze literary genres, styles, forms, conventions, debates, and/or rhetorical devices in and among texts produced across different historical periods.
9. Students in the literature concentration will demonstrate the ability to conduct research by identifying and defining scholarly questions, accessing and assessing primary and secondary sources, developing strategies to organize and interpret research materials, and communicating their findings or arguments through a range of discipline-specific forms and genres.

Additional Information
Completion of ENG 480GW with a grade of C or higher fulfills the Graduation Writing Assessment Requirement (GWAR) for all English majors.

Advanced Placement (A.P.) credit in composition cannot be used to fulfill the lower-division literature requirement in the major or minor.

A maximum of 9 units of work in lower-division literature courses may be accepted for credit in the major with the consent of an advisor.

ENG 690 must be completed during one of the semesters of the final (senior) year.

Students must have a GPA of 2.0 or higher in the major, and no grade in the major lower than a C- (except for ENG 480GW, which requires a grade of C or higher). A maximum of nine units of literature classes from other departments (such as Comparative and World Literature) may be accepted for credit in the major upon consent of an advisor.

Complementary Studies Requirement for English Majors
Twelve units of Complementary Studies are required of all candidates in any of the four concentrations (Literature, Linguistics, English Education and Professional Writing and Rhetoric) in the Bachelor of Arts degree in English. These units must come from courses bearing a prefix other than ENG, and must not be cross-listed with ENG. English majors will be offered four pathways for satisfying this requirement; each pathway is designed to facilitate graduation in a timely manner.

1. Foreign Language: 12 units in a single foreign language;
2. 2nd Major, Minor, or Certificate: 12 units of coursework taken as part of a second major, a minor, or a certificate;
3. Study Abroad: 12 units of coursework taken in an approved study abroad program (such as CSU Study Abroad);
4. Related Subjects: 12 units of coursework in related disciplines with the approval of an English Department advisor.

Related subjects typically include (but are not limited to) Comparative and World Literature, Classics, Creative Writing, Ethnic Studies, Foreign Languages, History, Journalism, and Women and Gender Studies, Communication Studies, Instructional Technology or Marketing. For these related subjects, six units must be from classes in a non-literary related field.

Depending on the concentration within the major, Complementary Studies pathway, and approval of a departmental advisor, up to 12 units from courses with non-ENG prefixes that count towards the Complementary Studies requirement may also count as English electives in fulfillment of Major requirements.

Students who have earned AA-T or AS-T degrees and are pursuing a similar B.A. degree at SF State are required to fulfill the Complementary Studies requirement as defined by the major department. Students should consult with a major advisor about how transfer units and/or SF State units can best be applied to this requirement to ensure degree completion within 60 units.

First-Time Student Roadmap (4 Year)
Find the correct roadmap (A, B, C, or D):

1. Select the row that matches your English Course choice for A2.*
2. Select the column that matches your QR Category (found at your student center under Math Alert).
3. Click the Roadmap that lines up with your row and column.

For example, if you are taking ENG 104 as your first English course and your student center math alert says you are QR Category III, you should choose Roadmap D.

Transfer Student Roadmap (2 Year)

This degree program is an approved pathway (“similar” major) for students earning the ADT in English

California legislation SB 1440 (2009) mandated the creation of the Associate Degree for Transfer (ADT) to be awarded by the California Community Colleges. Two types of ADTs are awarded: Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T).

Note: no specific degree is required for admission as an upper-division student. However, the ADT includes specific guarantees related to admission and graduation and is designed to clarify the transfer process and strengthen lower-division preparation for the major.

An ADT totals 60 units and in most cases includes completion of all lower-division General Education requirements and at least 18 units in a specific major. (The Biology, Chemistry, and Environmental Science AS-T degrees defer 3 units in lower-division GE area C and 3 units in lower-division GE area D until after transfer.) Students pursuing an ADT are guaranteed admission to the CSU if minimum eligibility requirements are met, though not necessarily to the CSU campus of primary choice.

Upon verification that the ADT has been awarded prior to matriculation at SF State, students are guaranteed B.A. or B.S. completion in 60 units if pursuing a “similar” major after transfer. Determinations about “similar” majors at SF State are made by faculty in the discipline.

Degree completion in 60 units cannot be guaranteed when a student simultaneously pursues an additional major, a minor, certificate, or credential.

A sample advising roadmap for students who have earned an ADT and continue in a "similar" major at SF State is available on the Roadmaps tab on the degree requirements page for the major. The roadmap displays:

- How many lower-division units required for the major have been completed upon entry based on the award of a specific ADT;
- Which lower-division requirements are considered complete upon entry based on the award of a specific ADT;
- How to complete the remaining 60 units for the degree in four semesters.

Students who have earned an ADT should seek advising in the major department during the first semester of attendance.

General Advising Information for Transfer Students

1. Before transfer, complete as many lower-division requirements or electives for this major as possible.
2. The following courses are not required for admission but are required for graduation. Students are strongly encouraged to complete these units before transfer; doing so will provide more flexibility in course selection after transfer.
   - a course in U.S. History
   - a course in U.S. & California Government

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit [http://www.assist.org](http://www.assist.org). Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

- Which courses at a CCC satisfy any lower-division major requirements for this major;

Remedial courses are not transferable and do not apply to the minimum 60 semester units/90 quarter units required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper-division transfer (for example, if a course was not passed on the first attempt or was taken to earn a better grade).

Before leaving the last California Community College of attendance, obtain a summary of completion of lower-division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State. Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering, and mathematics (STEM) disciplines often defer 6-9 units of lower-division General Education in Areas C and D until after transfer to focus on preparation courses for the major. This advice does not apply to students pursuing associate degree completion before transfer.
Transferring From Institutions Other Than CCCs or CSUs

Review SF State’s lower-division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower-division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.

All Students Must Meet the Transfer Eligibility Requirements Outlined Below for Admission.

For more information, visit the Undergraduate Admissions section (http://bulletin.sfsu.edu/undergraduate-admissions/).

- Complete 60 or more transferable semester units or 90 or more quarter units.
- Earn a college grade point average of 2.0 or better in all transferable courses. Non-local area residents may be held to a higher GPA standard.
- Be in good standing at the last college or university attended.
- Complete 30-semester units (45-quarter units) of General Education, including four basic skills courses:
  a. One course in oral communication (same as CSU GE Area A1)
  b. One course in written composition (same as CSU GE Area A2)
  c. One course in critical thinking (same as CSU GE Area A3)
  d. One course in mathematics or quantitative reasoning (same as CSU GE Area B4)
- The four basic skills courses and a minimum of 60 transferable semester units (90-quarter units) must be completed by the spring semester prior to fall admission, or by the fall semester prior to spring admission. Earn a C- or better grade in each basic skills course.
