BACHELOR OF ARTS IN TECHNICAL AND PROFESSIONAL WRITING

Technical and Professional Writing (B.A.) — 45 units

Culminating Experience must be completed during one of the semesters of the student's final (senior) year.

Core Courses (12 units)

Skills Electives (15 units)

Optional interdisciplinary course work typically would cover applied writing or editing; linguistics; organizational communication; graphic design and production; multimedia or computer tools; foreign language for business; or special topics related to workplace writing.

Subject Matter Focus (15 units)

Select a single one of the tracks below and complete 15 units according to the instructions. Note: All focus courses must be 200 level or above, with at least nine units at 300-level or above.

Communications Track Options

Courses selected from any single one of these departments:

- Communication Studies
- Foreign Languages
- Journalism
- Broadcast and Electronic Communication Arts
- Design and Industry
- Instructional Technologies

Technical Track Options

Courses selected from any single department in the College of Science and Engineering, any single department in the College of Business, or any single TPW advisor-approved department in the College of Health and Social Sciences.

Interdisciplinary Track Options

Courses selected to fit a customized concentration (based on an independently developed theme or an existing interdisciplinary program) that is approved by the TPW advisor as relevant for technical or professional writing. (Examples: Arts Administration, Multimedia, Environmental Studies).

Culminating Experience (3 units)

<table>

</tr>
</tbody>
</table>

This course must be completed during one of the semesters of the final (senior) year.

Note: All units applied to the TPW B.A. must be earned with a grade of C or better.

Complementary Studies (12 units)

Twelve units of complementary studies are required of all candidates for the Bachelor of Arts degree in Technical and Professional Writing. These units must come from courses bearing a prefix other than TPW, and not cross-listed with TPW. TPW majors can complete the requirement from within the major by taking 12 of the 15 units of classes required for their Subject Matter Focus. The Subject Matter Focus requires students to take 15 units of courses from a pre-approved list of non-TPW departments (e.g., Communication Studies, Journalism, Instructional Technology, Marketing), or to create a customized concentration based on courses from a mix of non-TPW departments, as approved by their major advisor. Although CS is already satisfied in the major itself, if students wish they may also meet their CS requirement by Study Abroad, courses taken in a secondary major or minor or certificate, or by choosing to take 12 units of a foreign language, any of which would also enhance the degree.

First-Time Student Roadmap (4 Year)

This roadmap opens in a new tab (bulletin.sfsu.edu/colleges/liberal-creative-arts/english/ transfers/technical-professional-writing/roadmap).

Transferring from institutions other than CCCs or CSUs

Review SF State’s lower division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (GE A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit http://bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Identify and complete a 2nd-semester written English composition course before transfer. This is usually the next course after the typical “freshman comp” course, with a focus on writing, reading and critical analytical skills for academic purposes, and developing skills in composing, revising, and the use of rhetorical strategies.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://www.assist.org. Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

- Which courses at a CCC satisfy any lower division major requirements for this major, including 2nd-semester composition;

Remedial courses are not transferable and do not apply to the minimum 60 units/90 quarters required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper division transfer (for example, if course was not passed on the first attempt, or was taken to earn a better grade).

Before leaving the last California Community College of attendance, obtain a summary of completion of lower division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State. Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering and mathematics (STEM) disciplines often defer 6-9 units of lower-division general education in areas C and D until after transfer to focus on preparation courses for the major. (This advice does not apply to students pursuing associate degree completion before transfer.)

Social Sciences:

Note: LD = Lower-Division; UD = Upper-Division.

Transferring from institutions other than CCCs or CSUs

Review SF State’s lower division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (GE A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit http://bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Identify and complete a 2nd-semester written English composition course before transfer. This is usually the next course after the typical “freshman comp” course, with a focus on writing, reading and critical analytical skills for academic purposes, and developing skills in composing, revising, and the use of rhetorical strategies.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://
All students must meet the transfer eligibility requirements outlined below for admission. For more information, visit the Undergraduate Admissions section.

- Complete 60 or more transferable semester units or 90 or more quarter units
- Earn a college grade point average of 2.00 or better in all transferable courses. Non-local area residents may be held to a higher GPA standard.
- Be in good standing at the last college or university attended
- Complete 30-semester units (45-quarter units) of general education, including four basic skills courses:
  a. One course in oral communication (same as CSU GE Area A1)
  b. One course in written composition (same as CSU GE Area A2)
  c. One course in critical thinking (same as CSU GE Area A3)
  d. One course in mathematics or quantitative reasoning (same as CSU GE Area B4)
- The four basic skills courses and a minimum of 60 transferable semester units (90-quarter units) must be completed by the spring semester prior to fall admission, or by the fall semester prior to spring admission. Earn a "C-" or better grade in each basic skills course.
