BACHELOR OF ARTS IN CHINESE: CONCENTRATION IN CHINESE LITERATURE & LINGUISTICS

- Students will satisfy the University Graduation Writing Assessment Requirement (GWAR) by taking one GWAR offering from the Chinese Program or Department of Modern Languages and Literatures. Current GWAR offerings include CHIN 601GW, CHIN 611GW, CHIN 612GW and MLL 400GW.
- Prior to submitting an application for graduation, candidates for the Bachelor of Arts degree in Chinese must present evidence of having completed a Culminating Experience Project. The Culminating Experience Project can be completed through one of three options:
  a. Standardized Test:
     The student shall submit evidence of having passed the Hanyu Shuiping Kaoshi (HSK), the Test of Chinese as a Foreign Language (TOCFL), or the ACTFL Oral Proficiency Interview (OPI) for Mandarin Chinese at the appropriate level. The following grade levels are treated as passing:
       • Hanyu Shuiping Kaoshi (HSK): Level 4 or higher
       • Test of Chinese as a Foreign Language (TOCFL): Level 3 or higher
       • Oral Proficiency Interview (OPI): Advanced low or higher
  b. Writing Portfolio:
     The student shall submit a writing portfolio with evidence of advanced level academic and/or professional writing in both Chinese and English. The portfolio must contain at least one work of Chinese language academic or professional writing developed out of a writing assignment submitted for credit in an upper division course taught in Chinese, and one work of English language academic or professional writing developed out of a writing assignment accepted for credit in a GWAR course.
  c. Flagship Capstone:
     The Flagship Capstone option is available only to students accepted into the Chinese Flagship Program. Students in the Chinese Flagship Program must choose the Flagship Capstone Option, which consists of a "Capstone Year" abroad, to be implemented once the student has reached proficiency benchmarks set by the Language Flagship and has been recommended by the Council of Chinese Flagship Directors.

Bachelor of Arts in Chinese: Concentration in Chinese Literature and Linguistics

The Concentration in Chinese Literature and Linguistics is aimed at native and near-native speakers of Chinese language and consists of 18 units of required coursework in advanced language, linguistics, oratory, literature, and culture, plus an additional 12 units of lower and upper division electives in Chinese or a related subject. GWAR is built into the course design.

Lower Division Elective in Chinese (3 Units)

or related area upon advising

Upper Division Electives in Chinese (9 Units)

or related area upon advising

GWAR course (0-3 Units)

if not taken from GWAR courses listed above.

Note: A minimum of 40 upper division units must be completed for the degree (including upper division units required for the major, general education, electives, etc.). A student can complete this major yet not attain the necessary number of upper division units required for graduation. In this case, additional upper division courses will be needed to reach the required total.

Complementary Studies

Required of all candidates for the Bachelor of Arts degree in Chinese are 12 units of Complementary Studies, which must come from courses bearing a prefix other than CHIN, and not cross-listed with CHIN. Complementary Studies for the Chinese major can be satisfied via four possible routes:

1. 12 units in any foreign language other than Chinese (may include up to 3 units of MLL prefix courses);
2. 12 units of course work taken in an approved study abroad program (including CSU Study Abroad, SF State Bilateral, Chinese Flagship, and SLI Translation-Interpretation programs);
3. 12 units of course work taken as part of a second major, a minor or a certificate;
4. 12 units of course work in related disciplines with the approval of a Chinese Program advisor.

Related disciplines typically include linguistics, literature, philosophy, history, education, and any aspect of Greater China, East Asia, or Asian Americans.

Where a course with a non-CHIN prefix is taken as a core requirement or elective for the Chinese major, the said course may also (double) count
American Ethnic and Racial Minorities (AERM)  
Environmental Sustainability (ES)  
Global Perspectives (GP)  
Social Justice (S.J)

Note: LD = Lower-Division; UD = Upper-Division.

First-Time Student Roadmap (4 Year)

General Advising Information for Transfer Students
1. Before transfer, complete as many lower-division requirements or electives for this major as possible.
2. The following courses are not required for admission but are required for graduation. Students are strongly encouraged to complete these units before transfer; doing so will provide more flexibility in course selection after transfer.
   • a course in U.S. History
   • a course in U.S. & California Government
   • a 2nd-semester course in written English composition

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://www.assist.org. Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

   • Which courses at a CCC satisfy any lower division major requirements for this major, including 2nd-semester composition;

Remedial courses are not transferable and do not apply to the minimum 60 units/90 quarters required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper division transfer (for example, if course was not passed on the first attempt, or was taken to earn a better grade).

Before leaving the last California Community College of attendance, obtain a summary of completion of lower division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State.
Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering and mathematics (STEM) disciplines often defer 6-9 units of lower-division general education in areas C and D until after transfer to focus on preparation courses for the major. (This advice does not apply to students pursuing associate degree completion before transfer.)

Transferring from institutions other than CCCs or CSUs

Review SF State’s lower division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (GE A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit http://bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Identify and complete a 2nd-semester written English composition course before transfer. This is usually the next course after the typical "freshman comp" course, with a focus on writing, reading and critical analytical skills for academic purposes, and developing skills in composing, revising, and the use of rhetorical strategies.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.

All students must meet the transfer eligibility requirements outlined below for admission.

For more information, visit the Undergraduate Admissions section.

- Complete 60 or more transferable semester units or 90 or more quarter units
- Earn a college grade point average of 2.00 or better in all transferable courses. Non-local area residents may be held to a higher GPA standard.
- Be in good standing at the last college or university attended
- Complete 30-semester units (45-quarter units) of general education, including four basic skills courses:
  a. One course in oral communication (same as CSU GE Area A1)
  b. One course in written composition (same as CSU GE Area A2)
  c. One course in critical thinking (same as CSU GE Area A3)
  d. One course in mathematics or quantitative reasoning (same as CSU GE Area B4)
- The four basic skills courses and a minimum of 60 transferable semester units (90-quarter units) must be completed by the spring semester prior to fall admission, or by the fall semester prior to spring admission. Earn a "C-" or better grade in each basic skills course.
