² To avoid taking additional units, it is recommended that you meet **SF State Studies** requirements (AERM, GP, ES, S,J) within your GE or major.

³ Depending on courses completed through Early Start, students in Pathway/Category III or IV may be required to enroll in a support course to complement their Quantitative Reasoning/B4 requirement. There are multiple course options for this pathway. Before enrolling in a B4 course, students should verify their MATH Pathway/Category in their Student Center (<http://cms.sfsu.edu/content/student-center/>). Information regarding the courses that correspond with your MATH Pathway/Category can be found on the Developmental Studies Office Website (<http://developmentalstudies.sfsu.edu/>).

⁴ Consider taking a class combined with a laboratory or a separate lab to fulfill B3 if not already satisfied.

⁵ **Complementary Studies**

Required of all candidates for the Bachelor of Arts degree in Chinese are 12 units of Complementary Studies, which must come from courses bearing a prefix other than CHIN, and not cross-listed with CHIN. Complementary Studies for the Chinese major can be satisfied via four possible routes:

- 12 units in any foreign language other than Chinese (may include up to 3 units of MLL prefix courses);
- 12 units of course work taken in an approved study abroad program (including CSU Study Abroad, SF State Bilateral, Chinese Flagship, and SLI Translation-Interpretation programs);
- 12 units of course work taken as part of a second major, a minor, or a certificate;
- 12 units of course work in related disciplines with the approval of a Chinese Program advisor.

Related disciplines typically include linguistics, literature, philosophy, history, education, and any aspect of Greater China, East Asia, or Asian Americans.

Where a course with a non-CHIN prefix is taken as a core requirement or elective for the Chinese major, the said course may also (double) count towards Complementary Studies only via the Study Abroad option or the 2nd Major/Minor/Certificate option listed above. Students satisfying Complementary Studies through the Foreign Language option are allowed a maximum of three units of overlap of MLL prefix courses between Chinese major and Complementary Studies units. Students satisfying Complementary Studies through the Related Subjects option are not allowed to double-count major and Complementary Studies units.

* Regarding Study Abroad (applies to all Chinese degrees, concentrations, and minors): Students are encouraged to study abroad through the International Programs of the California State University and the Bilateral Programs of San Francisco State University. For students opting to study abroad, all study abroad units will count as units in residence and can be used for graduation credit, but no more than half of the units required for the major or minor may be taken outside of the home campus. Flagship Language Concentration students, however, may apply all of their Study Abroad units towards the major.
