¹ ENG 114 can only be taken if you complete Directed Self-Placement (DSP) and select ENG 114; if you choose ENG 104/ENG 105 through DSP you will satisfy A2 upon successful completion of ENG 105 in the second semester; multilingual students may be advised into alternative English courses.

² To avoid taking additional units, it is recommended that you meet **SF State Studies** requirements (AERM, GP, ES, SJ) within your GE or major.

³ Depending on courses completed through Early Start, students in Pathway/Category III or IV may be required to enroll in a support course to complement their Quantitative Reasoning/B4 requirement. There are multiple course options for this pathway. Before enrolling in a B4 course, students should verify their MATH Pathway/Category in their Student Center (<http://cms.sfsu.edu/content/student-center/>). Information regarding the courses that correspond with your MATH Pathway/Category can be found on the Developmental Studies Office Website (<http://developmentalstudies.sfsu.edu/>).

⁴ **Complementary Studies**

Required of all candidates for the Bachelor of Arts degree in Chinese are 12 units of Complementary Studies, which must come from courses bearing a prefix other than CHIN, and not cross-listed with CHIN. Complementary Studies for the Chinese major can be satisfied via four possible routes:

- 12 units in any foreign language other than Chinese (may include up to three units of MLL prefix courses);
- 12 units of coursework taken in an approved study abroad program (including CSU Study Abroad, SF State Bilateral, Chinese Flagship, and SLI Translation-Interpretation programs);
- 12 units of coursework taken as part of a second major, a minor, or a certificate;
- 12 units of coursework in related disciplines with the approval of a Chinese Program advisor.

Related disciplines typically include linguistics, literature, philosophy, history, education, and any aspect of Greater China, East Asia, or Asian Americans.

Where a course with a non-CHIN prefix is taken as a core requirement or elective for the Chinese major, the said course may also (double) count towards Complementary Studies only via the Study Abroad option or the second major, minor, or certificate option listed above. Students satisfying Complementary Studies through the Foreign Language option are allowed a maximum of 3 units of overlap of MLL prefix courses between Chinese major and Complementary Studies units. Students satisfying Complementary Studies through the Related Subjects option are not allowed to double-count major and Complementary Studies units.

⁵ Consider taking a class combined with a laboratory or a separate lab to fulfill B3 if not already satisfied.

⁶ Pre-existing university course taught in Chinese by Chinese-proficient faculty in any department.
