BACHELOR OF ARTS IN FRENCH

The French major consists of 30 units of upper division coursework. Up to 14 units of prerequisite coursework or demonstrated language proficiency is required to begin the major.

All upper division courses are conducted in French (except MLL 325, and students are expected to use French in their speaking, reading, and writing (except, for writing, in FR 400GW). Writing in the Major: Students must complete the University’s GWAR requirement by taking FR 400GW, MLL 400GW or CWL 400GW.

French (B.A.) – 30 units

Required Courses (12 units)
FR 301 French Phonetics 3
or FR 450 Translating Themes: English/French 3
or MLL 325 Linguistics for Foreign Languages 3
FR 305 French Composition 3
FR 400GW French Culture - GWAR 3
or FR 410 Contemporary French Civilization 3
FR 500 Introduction to Literary Texts 3

Electives in the Major (18 units)
Choose any six courses in French numbered 300 to 699, not taken as a required course. At least three of these courses must be at the 400 level or above.

Note: A minimum of 40 upper division units must be completed for the degree (including upper division units required for the major, general education, electives, etc.). A student can complete this major yet not attain the necessary number of upper division units required for graduation. In this case, additional upper division courses will be needed to reach the required total.

Complementary Studies
Required of all candidates for the Bachelor of Arts degree in French are 12 units of Complementary Studies, which must come from courses bearing a prefix other than FR, and not cross-listed with FR. Complementary Studies for the French major can be satisfied via four possible routes:

1. 12 units in any foreign language other than French (may include up to three units of MLL prefix courses);
2. 12 units of course work taken in an approved study abroad program;
3. 12 units of course work taken as partial completion of a single second major, a minor or a certificate;
4. 12 units of course work in related disciplines with the approval of a French Program advisor.

Related disciplines typically include linguistics, literature, philosophy, history, education, and any aspect of greater French and Francophone Study.

Where a course with a non-FR prefix is taken as a core requirement or elective for the French major, the said course may also (double) count towards Complementary Studies only via the Study Abroad option or the 2nd Major, Minor, or Certificate option listed above. Students satisfying Complementary Studies through the Foreign Language option are allowed a maximum of three units of overlap of MLL-prefix courses between French major and Complementary Studies units. Students satisfying Complementary Studies through the Related Subjects option are not allowed to double-count major and Complementary Studies units.

SF State Studies

Courses certified as meeting the SF State Studies requirements may be upper or lower division in General Education (GE), in a major or minor, or an elective.

American Ethnic and Racial Minorities (AERM) | LD or UD | 3 |
| Environmental Sustainability (ES) | LD or UD | 3 |
| Global Perspectives (GP) | LD or UD | 3 |
Students pursuing associate degree completion before transfer. (This advice does not apply to general education in areas C and D until after transfer in order to focus on preparation courses for the major. Mathematics (STEM) disciplines often defer 6-9 units of lower division units before transfer; doing so will provide more flexibility in course selection after transfer.

- a course in U.S. History
- a course in U.S. & California Government
- a 2nd-semester course in written English composition

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://www.assist.org. Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

- Which courses at a CCC satisfy any lower division major requirements for this major, including 2nd-semester composition;

Remedial courses are not transferable and do not apply to the minimum 60 units/90 quarters required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper division transfer (for example, if course was not passed on the first attempt, or was taken to earn a better grade).

Before leaving the last California community college of attendance, obtain a summary of completion of lower division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State. Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering and mathematics (STEM) disciplines often defer 6-9 units of lower division general education in areas C and D until after transfer in order to focus on preparation courses for the major. (This advice does not apply to students pursuing associate degree completion before transfer.)

Transferring from institutions other than CCCs or CSUs

Review SF State’s lower division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (GE A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit http://bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.

All students must meet the transfer eligibility requirements outlined below for admission. For more information, visit the Undergraduate Admissions section.

- Complete 60 or more transferable semester units or 90 or more quarter units
- Earn a college grade point average of 2.00 or better in all transferable courses. Non-local area residents may be held to a higher GPA standard.
- Be in good standing at the last college or university attended
- Complete 30 semester units (45 quarter units) of general education, including four basic skills courses:
  a. One course in oral communication (same as CSU GE area A1)
  b. One course in written composition (same as CSU GE area A2)
  c. One course in critical thinking (same as CSU GE area A3)
  d. One course in mathematics or quantitative reasoning, with intermediate algebra as a prerequisite (same as CSU GE area B4)
- The four basic skills courses and a minimum of 60 transferable semester units (90 quarter units) must be completed by the spring semester prior to fall admission, or by the fall semester prior to spring admission. Earn a "C" or better grade in each basic skills course.
