BACHELOR OF ARTS IN HISTORY: HONORS CONCENTRATION

History (BA): Honors Concentration

Language Proficiency
To graduate from the history honors program, a student must demonstrate proficiency in a foreign language at a level comparable to that of students who have successfully completed one year of college courses. This level of proficiency is to be demonstrated as follows:

- Two semester-length courses in college-level language with a grade of B or better, or
- Equivalent proficiency in a foreign language based on successful completion of an examination to be administered by the Foreign Languages Department.

Grade Performance Requirement
Students are expected to maintain a minimum grade of B in each course to meet the honors major requirements, and a grade point average of 3.25 in all courses taken to complete the honors program. Additionally, students will be required to have an overall grade point average of 3.25 in all university-level courses taken to fulfill the university requirements for the honors degree. Students failing to do so, but who meet the requirements for the B.A. in History, will graduate with the B.A. in History, but not with the Honor’s Concentration.

Prerequisites
For a student to be eligible for admission to the Honors Program, the following requirements must be met:

- An overall GPA of 3.25 in courses at the college level. An overall GPA of 3.25 in history courses taken.
- Students must successfully complete the following courses with a grade of B or better prior to being admitted. The courses listed below are SF State courses. Equivalent courses at other institutions are also acceptable.

History (B.A.): Honors Concentration – 45 units

Required Courses (15 units)

Fields of Study (24 units)

Option I:
Students should complete 12 upper division units in one field of study and six upper division units in each of two other fields of study. U.S. History must be one of the three fields.

- U.S. History

Option II:
Students may complete six units in each of the three fields of study, distributed geographically as above, and six elective units, so long as a minimum of 12 units fall under a theme approved on departmental advisement such as Empire and Imperialism; Gender, Sexuality and the Body; Religion and Society; or the Pre-modern World (applicable courses are listed in the department’s Undergraduate Advising Booklet).

Proseminar and Honor’s Thesis (6 units)

</tr>
</tbody>
</table>

The proseminar will be taken after HIST 300GW, normally in the major field. The honors thesis will be taken after the proseminar and will normally represent an extension of the work in that proseminar, to be supervised by the proseminar instructor. For exceptions, consult the honors advisor.

Of the 45 required units, 33 must be upper division. History majors cannot choose CR/NC grading in more than two history courses for their major, and cannot elect CR/NC grading in HIST 300GW or their proseminar. With the consent of the honors advisor, students may offer up to 6 units from other departments to count toward honors concentration requirements.

Complementary Studies
All candidates for the Bachelor of Arts in History are required to complete 12 units of complementary studies. The History department will accept complementary studies in any of four distinct paths outlined below from courses with a prefix other than HIST, and not cross-listed with HIST. These units can be earned in residence at San Francisco State, in a Study Abroad Program, or transferred.

1. Within an established minor students will satisfy complementary studies by completing 12 units from a single minor. Of these 12 units, a maximum of 6 units may be lower division.
2. Foreign Language Students must complete 12 units in a single foreign language.
3. Study Abroad Students must successfully pass 12 units with any prefix on a CSU or SF State supported study abroad program.
4. Flexibility Option Students, in consultation with an advisor, may choose 12 upper division units in courses with a prefix other than HIST, and not cross-listed with HIST.

Students who have earned AA–T or AS–T degrees and are pursuing a similar B.A. degree at SF State are required to fulfill the Complementary Studies requirement as defined by the major department. Students should consult with a major advisor about how transfer units and/or SF State units can best be applied to this requirement in order to ensure degree completion within 60 units.

Transfer Student Roadmap (2 Year)
For students with an AA-T in History. This roadmap opens in a new tab. (bulletin.sfsu.edu/colleges/liberal-creative-arts/history/ba-history-honors-concentration/adt-roadmap.html)

This degree program is an approved pathway (“similar” major) for students earning the ADT in History

California legislation SB 1440 (2009) mandated the creation of the Associate Degree for Transfer (ADT) to be awarded by the California Community Colleges. Two types of ADTs are awarded: Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T). Note: no specific degree is required for admission as an upper-division student. However, the ADT includes specific guarantees related to admission and graduation, and is designed to clarify the transfer process and strengthen lower-division preparation for the major.

An ADT totals 60 units and includes completion of all lower-division General Education requirements and at least 18 units in a specific major. Students pursuing an ADT are guaranteed admission to the CSU if minimum eligibility requirements are met, though not necessarily to the CSU campus of primary choice.

Upon verification that the ADT has been awarded prior to matriculation at SF State, students are guaranteed B.A. or B.S. completion in 60 units if pursuing a “similar” major after transfer. Determinations about “similar” majors at SF State are made by faculty in the discipline.

Degree completion in 60 units cannot be guaranteed when a student simultaneously pursues an additional major, a minor, certificate, or credential.

A sample advising roadmap for students who have earned an ADT and continue in a “similar” major at SF State is available on the Roadmaps tab and displays:

- How many lower-division units required for the major have been completed upon entry based on award of a specific ADT;
- Which lower-division requirements are considered complete upon entry based on award of a specific ADT;
- How to complete the remaining 60 units for the degree in four semesters.

Students who have earned an ADT should seek advising in the major department during the first semester of attendance.

General Advising Information for Transfer Students
1. Before transfer, complete as many lower division requirements or electives for this major as possible.
2. The following courses are not required for admission, but are required for graduation. Students are strongly encouraged to complete these units before transfer; doing so will provide more flexibility in course selection after transfer.
   - a course in U.S. History
   - a course in U.S. & California Government
   - a 2nd-semester course in written English composition

First-Time Student Roadmap (4 Year)

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://www.assist.org. Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

- Which courses at a CCC satisfy any lower division major requirements for this major, including 2nd-semester composition;

Remedial courses are not transferable and do not apply to the minimum 60 units/90 quarters required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper division transfer (for example, if course was not passed on the first attempt, or was taken to earn a better grade).

Before leaving the last California community college of attendance, obtain a summary of completion of lower division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State. Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering and mathematics (STEM) disciplines often defer 6-9 units of lower division general education in areas C and D until after transfer in order to focus on preparation courses for the major. (This advice does not apply to students pursuing associate degree completion before transfer.)

Transferring from institutions other than CCCs or CSUs

Review SF State’s lower division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (GE A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit http://bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Identify and complete a 2nd-semester written English composition course before transfer. This is usually the next course after the typical “freshman comp” course, with a focus on writing, reading and critical analytical skills for academic purposes, and developing skills in composing, revising, and the use of rhetorical strategies.
