- 2 To avoid taking additional units, it is recommended that you meet **SF State Studies** requirements (AERM, GP, ES, SJ) within your GE or major.
- 3 Depending on courses completed through Early Start, students in Pathway/Category III or IV may be required to enroll in a support course to complement their Quantitative Reasoning/B4 requirement. There are multiple course options for this pathway. Before enrolling in a B4 course, students should verify their MATH Pathway/Category in their Student Center (<http://cms.sfsu.edu/content/student-center/>). Information regarding the courses that correspond with your MATH Pathway/Category can be found on the Developmental Studies Office Website (<http://developmentalstudies.sfsu.edu/>).
- 4 Consider taking a class combined with a laboratory or a separate lab to fulfill B3 if not already satisfied.
- 5 **Complementary Studies for the Philosophy Major**  
12 units of Complementary Studies are required of all candidates for the Bachelor of Arts degrees in Philosophy. These units must come from courses bearing a prefix other than PHIL, and not cross-listed with PHIL. Philosophy majors are given a multitude of pathways toward completing this requirement, each of which is designed to facilitate graduation in a timely manner and deepen the student's knowledge and appreciation of a philosophical topic in a multi-disciplinary way. Philosophy majors may, with the approval of a department advisor, elect to apply 12 units in a single foreign language of their choosing or courses taken in an approved study abroad program (e.g., CSU Study Abroad). Otherwise, with the approval of a department advisor, the student may take 12 units of courses that complement an area of philosophical specialization. Philosophy is rich in such specializations. Here are some illustrative philosophical specializations in which studying philosophy and studying other disciplines is complementary: Philosophy of the Arts, Ancient Philosophy, Asian Philosophy, Bioethics/Medical Ethics, Business Ethics, Philosophy of Cinema, Philosophy of Dance, Philosophy of Economics, Environmental Philosophy, Global Justice, Islamic Philosophy, Philosophy of Language, Philosophy of Law, Philosophy of Literature, Logic and Philosophy of Mathematics, Philosophy of Music, Philosophy of Mind, Modern European Philosophy, Philosophy of Music, Philosophy of Perception, Philosophy of Photography, Philosophy of Psychology/Cognitive Science, Political Philosophy and Social Justice, Philosophy of Religion, Philosophy of Sexuality, Philosophy of Science and Technology, Philosophy and Society, Philosophy of Social Science, Philosophy of Sport, Philosophy of Under-represented Groups, and Philosophy of Women and Gender. To accommodate emerging areas of philosophical study, students are encouraged to design 12 unit modules for the review and approval of the department advisor.
