To Do at SF State:

Enough total units to reach 120 minimum for graduation; 40 units minimum at the upper-division level; to include the following:

University-Wide Requirements: 15-21 Units

• American Institutions (0-6 units): Courses may satisfy both American Institutions and Upper-Division GE if approved for multiple areas.
• Lower-Division GE (6 units): Area C (3 units in any subarea) and Area D (3 units). D2 satisfies US History if needed; D3 satisfies US/CA Government requirement if needed.)
• Upper-Division GE (9 units): Courses required for the major may double-count if approved for UD GE.
• B.A. Biology students satisfy Complementary Studies by taking courses in chemistry, physics, and mathematics that are required for the major.

**General Biology Major: 24-33 Units**
BIOL 230/Biol 240, MATH 226, all PHYS, CHEM 115/CHEM 215/CHEM 216 met in transfer.

• Lower-Division requirements (3 units): CHEM 130
• Major Upper-Division Requirements/GWAR (17-22 units)
• Major Upper-Division Electives (4-8 units)

**University Electives: 7 or More Units**
Depends on course choices made at the community college, how transferred units are applied to the requirements above, and course choices at SF State. Some courses may meet more than one requirement, e.g. both in UD GE and the major. Upper-division electives recommended in order to meet the minimum 40-unit requirement.
