Total Units 120-121
1. ENG 114 can only be taken if you complete Directed Self-Placement (DSP) and select ENG 114; if you choose ENG 104/ENG 105 through DSP you will satisfy A2 upon successful completion of ENG 105 in the second semester; multilingual students may be advised into alternative English courses.

2. Depending on courses completed through Early Start, students in Pathway/Category III or IV may be required to enroll in a support course to complement their Quantitative Reasoning/B4 requirement. There are multiple course options for this pathway. Before enrolling in a B4 course, students should verify their MATH Pathway/Category in their Student Center (http://cms.sfsu.edu/content/student-center). Information regarding the courses that correspond with your MATH Pathway/Category can be found on the Developmental Studies Office Website (http://developmentalstudies.sfsu.edu).

3. To avoid taking additional units, it is recommended that you meet SF State Studies requirements (AERM, GP, ES, SJ) within your GE or major.

4. PHYS 111/PHYS 112 are prerequisites for PHYS 121/PHYS 122. PHYS 220/PHYS 222 are prerequisites for PHYS 240/PHYS 242.

5. **Major Emphasis (34 units)**

   **Students must select one of the following emphases**

   **Geology Emphasis**

   The Geology emphasis provides students with an in-depth understanding of the solid Earth, the processes that shape it, and the skills to conduct field investigations of geologic problems. Students who complete these emphasis requirements will be prepared for graduate school in geology or to enter the workforce directly as a professional geologist. The coursework prepares students to pass the Association of State Board Geology (ASBOG) exam to be a licensed professional geologist.

   **Required Courses (22–23 units)**

   ERTH 210 Physical Geology (4 units) (B1, B3, ES)
   ERTH 420 Mineralogy and Petrology I (4 units)
   ERTH 510 Structural Geology (4 units)
   ERTH 620 Field Methods in Geology (2 units)
   and either
   ERTH 522 Geochemistry (4 units)
   or
   CHEM 215 General Chemistry II: Quantitative Applications of Chemistry Concepts (3 units)
   and CHEM 216 General Chemistry II Laboratory: Quantitative Applications of Chemistry Concepts (2 units)

   **Electives (11–12 units)**

   Select additional Geology emphasis elective courses upon advisement, subject to the constraints listed below. Electives plus emphasis requirements must total at least 34 units.

   - Electives may be selected from among the following options:
     - Any ERTH course numbered 400 or higher
     - Up to 3 units of any of the following courses:
       - an Historical Geology course (or equivalent) from a community college
       - Any 300-level ERTH course
       - GEOG 312, GEOG 313, GEOG 314, GEOG 316, GEOG 317, GEOG 500GW, GEOG 602, GEOG 603, GEOG 606, GEOG 610, GEOG 611, GEOG 620, GEOG 621, GEOG 625, GEOG 629, or GEOG 642
       - Any BIOL, CHEM, CSC, ENGR, MATH, or PHYS course numbered 200 or higher; or ENGR 103
       - Any one, non-GE course not listed above, with the approval of a Department advisor

   (When choosing electives, keep in mind that SF State requires all students to complete at least 40 units of upper-division coursework to graduate.)

   **Hydrology Emphasis**

   The Hydrology emphasis provides students with an in-depth understanding of the behavior of water on and beneath Earth’s surface, how water shapes the solid earth, and environmental problems associated with water. Students who complete these emphasis requirements will be prepared for graduate school in hydrology or to enter the workforce directly as a professional hydrologist.
