BACHELOR OF ARTS IN GEOGRAPHY – GEOG ASSOCIATE DEGREE FOR TRANSFER ROADMAP

This is a sample pathway for students who transfer to San Francisco State University in the current Bulletin year with an AA-T in Geography. Six units in the major (GEOG 101, GEOG 102 or GEOG 107) and all lower-division GE requirements have been satisfied. Additional units in the major may have been satisfied. Check with a major advisor about the most appropriate course sequence. Degree completion guaranteed in 60 units; see the Associate Degree for Transfer (ADT) section for more information (http://bulletin.sfsu.edu/undergraduate-admissions/transfer-students).

1 Distribution Requirement (12-15 units)
(Cross-listed courses originating in other departments are not accepted in these categories.)
One course from each of the following four areas:
- Physical Environment: 310–399 numbered courses in Geography
- Human Geography: 400 level courses in Geography
- Human-Environment Interaction in a Regional Context:
  - GEOG 550 Geography of the United States and Canada (3 units)
  - GEOG 552 Geography of California (3 units) (UD-D, AERM, ES, SJ)
  - GEOG 575 Emerging China (3 units)

- Either Geographic Techniques: 601–639 numbered courses in Geography or Applied Geography: 640–668 numbered courses in Geography
Focus of Interest (12 units)
Units of upper-division Geography electives consisting of a minimum of three courses chosen on advisement. These courses will be organized around coherent themes such as those listed below. In addition, alternative concentrations tailored to individual student interest may be developed in consultation with the Geography undergraduate advisor. On advisement, appropriate upper-division courses from other departments and programs may be included.
- Human Geography
- Environmental Studies
- Physical Environment
- Resource Management
- Techniques of Geographic Analysis
- Urban Environment, Transportation, and Land Use
- Focused individual interest pursued in consultation with the undergraduate advisor

Note: A minimum of 40 upper-division units must be completed for the degree (including upper-division units required for the major, general education, electives, etc.). A student can complete this major yet not attain the necessary number of upper-division units required for graduation. In this case, additional upper-division courses will be needed to reach the required total.

To Do at SF State:

Enough total units to reach 120 minimum for graduation; 40 units minimum at the upper-division level; to include the following:

University-Wide Requirements: 9–15 Units
- American Institutions (0–6 units): US History, US Government, California State and Local Government requirements if not taken before transfer.
- Upper-Division GE, Areas B, C, and D (9 units): Courses required for the major may double-count if approved for UD GE.
- Students entering the major with the AA-T in Geography are not required to fulfill SF State Studies requirements.
- Complementary Studies: Consult with a department advisor on how transfer units and/or SF State units can be applied to ensure degree completion within 60 units.

Geography Major: 30–37 Units
GEOG 101- GEOG 102 met in transfer.
• Core (3-6 units): GEOG 205 (if not met in transfer), GEOG 500GW.
• Distribution Requirement (12-16 units): Choose one GEOG course from four different areas: Physical Geography (310–399 level); Human Geography (400 level); Human-Environment Interaction in a Regional Context; Geographic Techniques (601–639) OR Applied Geography (640–668).
• Guided Electives (12 units): Choose upper-division courses organized around a coherent theme in consultation with an advisor.
• Capstone (3 units): GEOG 690.

University Electives: 12 or More Units
Depends on course choices made at the community college, how transferred units are applied to the requirements above, and course choices at SF State. Some courses may meet more than one requirement, e.g. in both UD GE and the major.
