

HOUSING

The SF State University Housing program offers on-campus residential living to more than 5000 students, faculty, and staff of San Francisco State University. Living within the campus community is the best way to experience our united passion for academic excellence, intellectual discovery, creative and critical inquiry, and educational equity.

Eligibility and Application Process

All SF State students enrolled in an academic program at the University and carrying a minimum of 15 units for undergraduates and 9 units for

graduate students are eligible to live in the SF State University Housing Community.

The housing application process is separate from the University's academic admission process. Housing applications are accepted on a first come, first served basis. San Francisco State does not guarantee housing to newly admitted students. Due to the high demand for housing spaces in San Francisco, the residence community fills quickly. We strongly advise students to complete a housing application and submit the initial payment before being admitted to the University.

Applications are available online at housing.sfsu.edu.
