STUDENT OUTREACH SERVICES

Student Outreach Services (SOS) serves as university liaison with other educational institutions and agencies, teachers, counselors, parents, and prospective students. It disseminates information concerning admissions, majors, programs, policies, and procedures. SOS conducts pre-admissions information sessions, transcript review and evaluation for prospective students. Student Outreach Services conducts high school and community college presentations and meets one on one with prospective high school and transfer students at San Francisco State University and at their schools. Student Outreach Services arranges campus visits and tours for individuals, groups and families. Among other responsibilities, the office participates in educational equity projects and coordinates the operation of the overall university outreach program.
