SF STATE STUDIES

SF State Studies Requirement

SF State Studies courses fulfill graduation requirements but do not have specific unit requirements. They are meant to ensure that students take at least one course in areas that the campus feels are important to graduates of our university. There are currently four graduation requirements that students must meet:

- American Ethnic and Racial Minorities (AERM),
- Environmental Sustainability (ES),
- Global Perspectives (GP), and
- Social Justice (SJ).

Courses certified as meeting the SF State Studies requirements may be upper or lower division, may be in General Education, a major or minor, or may be an elective. Because of the large number of SF State Studies courses, most students will take more than one SF State Studies course, and will not have to seek out such courses.
