LAM FAMILY COLLEGE OF BUSINESS

College Vision
We aspire to be one of the best public urban business schools by
applying sustainability and ethical perspectives to our understanding of
business practice, global leadership, innovation, the economy, and society.

College Mission
We are San Francisco’s public business school. We embrace the
area’s rich diversity and provide access to higher education. Our
mission is to prepare students for professional success through high-
quality teaching, innovative and relevant courses, discipline-based
and pedagogical scholarship, and engagement with the academic and
business communities.

The Lam Family College of Business offers undergraduate, graduate, and executive business education, providing a broad and exciting array of
courses of study and concentrations.

The student body is diverse, reflecting not only the San Francisco area,
but also the large number of international students who choose San
Francisco State University’s Lam Family College of Business. In 2004,
the College awarded more undergraduate business degrees to Asian
Americans than any other institution in the United States. As feminist
Gloria Steinem once said: “Go to San Francisco State. It’s the only
campus that looks like the world.”

The Lam Family College of Business at San Francisco State is among
the less than 25% of business schools in the US and 15% of international
schools that are fully accredited by AACSB International, The Association
for the Advancement of Collegiate Schools of Business.

The Lam Family College of Business is constantly evolving. It continues
to invest in the quality of faculty, students, and the visibility of the College
brand. Cultivating strong industry connections and advancing its friend-
raising and fundraising efforts keep the College active and relevant in
the business community and allow the College to provide exclusive
opportunities for our students.

Our Seven Strategic Priorities
• Research Activity, Productivity, Orientation, and Approaches
• Curricular Innovation
• Diversity and Inclusion
• Student Obsession – doing the maximum possible for our students
• Build the Lam Family College of Business Brand
• Community Focus
• Fundraising and Friend-raising

Core Values
The Lam Family College of Business’s overarching direction is guided
by the five core values of San Francisco State University: courage, life of
mind, equity, community, and resilience.

At the operational level, the core values guiding the Lam Family College of
Business decision-making and behavior are:

Facilitating Access
Building on a tradition of offering broad access to diverse students—
both traditional students and working adults—the Lam Family College of
Business will offer classes morning, afternoon, and evening, on weekdays
and weekends, on- and off-campus at affordable prices.

Intellectual Capital
The Lam Family College of Business strives to reinforce basic skills
and substantive business knowledge that can be adapted and applied
throughout our students’ careers. We do so in a setting that promotes
inquiry, respects differences, tolerates dissension, and encourages
lifelong learning.

Engaged Learning Partnership
As a learning community involving faculty, staff, students, administrators,
and business professionals, the Lam Family College of Business will
work as a team in pursuit of learning, shared discovery, and intellectual
inquiry, establishing active external partnerships with local and global
communities.

Knowledge Creation & Dissemination
The Lam Family College of Business faculty is committed to the study,
understanding, advancement, and diffusion of knowledge through
research that improves global business practice. While the California
State University focuses on applied research, the Lam Family College of
Business encourages all forms of quality research.

Ethical and Professional Management
The Lam Family College of Business strives to manage our enterprise in
an exemplary manner, respecting the principles of shared governance,
effective leadership, and faculty/staff service.

San Francisco Mindset
The Lam Family College of Business celebrates the fact that our school
reflects our community and the greater San Francisco community is
among the most cosmopolitan, diverse, and tolerant in the world. Such a
munificent environment offers opportunities for the Lam Family College
of Business to focus on emerging technologies, global markets, and
service industries.

Culture of Collaboration
In accordance with San Francisco State University’s values, the Lam
Family College of Business embraces innovation as it relates to delivering
learning opportunities, providing core service and support, and engaging
the community through collaborative interactions.

Commitment to Excellence
As part of the continuous improvement process, we build in processes to
obtain feedback from all constituencies, including faculty, staff, students,
alumni, employers, other universities, and business professionals.
