

MINOR IN FINANCE

Specialized Business Minors

These programs are designed to provide undergraduates with a focused exposure to a particular area of business practice rather than the broad exposure of the General Business Minor. As such, they can provide professional and technical skills needed for entry into specialized business employment for non-business majors or serve as an alternative to a double major for business majors wishing expertise in a second field.

Minor in Finance

The Minor in Finance has been temporarily suspended. Students who have already declared the minor may continue their planned course of student, but no new minors will be accepted at this time.

All coursework used to satisfy the requirements of the minor must be completed with a minimum grade point average of 2.0.
