MASTER OF ARTS IN EDUCATIONAL ADMINISTRATION AND LEADERSHIP

The MA in Educational Administration and Leadership is designed to prepare well-rounded, competent, and social justice-oriented education leaders, site administrators, and K-12 school principals. The focus of the program is on building leadership and administrative competencies to ensure that graduates understand and challenge all of the “isms” that are endemic and ingrained in the fibers of our society. The program prepares graduates to address and abolish marginalization and the predictive power of demographics in schools, and to promote places of learning that are inclusive of all learners, especially of those who are underrepresented. Aspiring inclusive social justice educational leaders and administrators in this program are supported in developing the dispositions, knowledge, and skills which are essential for transformative leadership and culturally-relevant schooling.

The MA program is available to full-and part-time graduate students through all-day weekend classes complemented by asynchronous online engagements. Courses are laid out in a clear cohort model sequence that is somewhat flexible.

Most MA students are simultaneously enrolled in the Preliminary Administrative Services Credential Program. For information on admission to the Administrative Services Credential Program, please see the ELSIT website: https://elsit.sfsu.edu/content/administrative-services-credential-preliminary-admissions-elsit
