BACHELOR OF ARTS IN CRIMINAL JUSTICE STUDIES

The multidisciplinary program in Criminal Justice Studies explores the conception and implementation of law, crime, and justice systems and ideas. The program emphasizes critical thinking about law, crime, and justice systems and their entanglement with larger political-economic processes. In particular, the program explores how ideas and systems of crime, law, and justice shape broader issues of social justice, especially those related to the experience of race, class, gender, sexuality, and age inequity in the U.S. The program teaches students the skills of critical analysis and ethical reasoning so that students can challenge structures and assumptions and innovatively contribute to the assessment of alternative solutions to problems associated with the identification, control, and prevention of crime and delinquency.

Program Learning Outcomes

a. Analyze how systemic inequality shapes and is shaped by crime, law, and justice systems.

b. Examine how people and groups impact, engage, contest, and remake legal institutions and ideas.

c. Analyze the history and politics of criminological knowledge.

d. Critique and analyze claims, data, and knowledge about crime, law, and justice systems.

e. Design and implement a senior capstone project that demonstrates effective written communication, ethical reasoning, and critical analysis.

Steps to Change Major

Undeclared majors and students enrolled in other disciplines at SF State who seek to change their major to criminal justice studies must have junior standing, have completed a minimum of 52 units with a grade of C or better, and have taken one GE Area A3 Critical Thinking course (formerly Segment I critical thinking) with a grade of C- or better, and have taken one GE Area A3 Critical Thinking course.

Assistance to Enhance Writing Competence

Criminal justice majors who complete C J 330GW will have satisfied the Graduation Writing Assessment Requirement (GWAR).

Criminal Justice Studies (B.A.) — 36 units minimum

Core Courses (18 units)

this case, additional upper-division courses will be needed to reach the
required total.
Up to a total of 6 transfer units in the following Criminal Justice courses
completed at a community college may be counted toward meeting the
"general electives" requirements for the major:
a. Introduction to Criminal Justice
b. Concepts of Criminal Law; for applicable courses, go to the ASSIST

Complementary Studies
Bachelor of Arts students must complete at least 12 units of
Complementary Studies outside of the primary prefix for the major. (Note:
Students may not use an alternate prefix that is cross-listed with the
primary prefix for the major.)

Students who complete two majors or a major and a minor automatically
complete the Complementary Studies requirement. Additional ways to
complete Complementary Studies for students in the Criminal Justice
Studies major is to meet with an advisor to identify 12 units of courses
complementary to the major. With advisor approval, up to 12 of these
units may be used to satisfy units in the major. Consult with your major
advisor for assistance.

Students who have earned AA-T or AS-T degrees and are pursuing a
similar B.A. degree at SF State are required to fulfill the Complementary
Studies requirement as defined by the major department. Students
should consult with a major advisor about how transfer units and/or
SF State units can best be applied to this requirement to ensure degree
completion within 60 units.

**First-Time Student Roadmap (4 Year)**

a. The roadmaps presented in this Bulletin are intended as suggested plans of study and do not replace meeting with an advisor. For a more personalized roadmap, please use the Degree Planner (https://registrar.sfsu.edu/degreeplanner/) tool found in your Student Center.

b. In order to choose your English Composition A2 course and your QR/Math B4 course, please complete the online advising activities at writingadvising.sfsu.edu (https://writingadvising.sfsu.edu) and mathadvising.sfsu.edu. Questions? Contact Gator Smart Start (https://gatorsmartstart.sfsu.edu).

**Transfer Student Roadmap (2 Year)**

For students with an AA-T in Administration of Justice.

LPPS ADT Roadmap (http://bulletin.sfsu.edu/colleges/health-social-sciences/criminal-justice-studies/lpps-adt-roadmap/)

**This degree program is an approved pathway (“similar” major) for students earning the ADT in Administration of Justice**

California legislation SB 1440 (2009) mandated the creation of the Associate Degree for Transfer (ADT) to be awarded by the California Community Colleges. Two types of ADTs are awarded: Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T).

Note: no specific degree is required for admission as an upper-division student. However, the ADT includes specific guarantees related to admission and graduation and is designed to clarify the transfer process and strengthen lower-division preparation for the major.

An ADT totals 60 units and in most cases includes completion of all lower-division General Education requirements and at least 18 units in a specific major. (The Biology, Chemistry, and Environmental Science AS-T degrees defer 3 units in lower-division GE area C and 3 units in lower-division GE area D until after transfer.) Students pursuing an ADT are guaranteed admission to the CSU if minimum eligibility requirements are met, though not necessarily to the CSU campus of primary choice.

Upon verification that the ADT has been awarded prior to matriculation at SF State, students are guaranteed B.A. or B.S. completion in 60 units if pursuing a “similar” major after transfer. Determinations about “similar” majors at SF State are made by faculty in the discipline.

Degree completion in 60 units cannot be guaranteed when a student simultaneously pursues an additional major, a minor, certificate, or credential.

A sample advising roadmap for students who have earned an ADT and continue in a “similar” major at SF State is available on the Roadmaps tab on the degree requirements page for the major. The roadmap displays:

- How many lower-division units required for the major have been completed upon entry based on the award of a specific ADT;
- Which lower-division requirements are considered complete upon entry based on the award of a specific ADT;
- How to complete the remaining 60 units for the degree in four semesters.

Students who have earned an ADT should seek advising in the major department during the first semester of attendance.

**General Advising Information for Transfer Students**

a. Before transfer, complete as many lower-division requirements or electives for this major as possible.

b. The following courses are not required for admission but are required for graduation. Students are strongly encouraged to complete these units before transfer; doing so will provide more flexibility in course selection after transfer.

- a course in U.S. History
- a course in U.S. & California Government

For information about satisfying the requirements described in (1) and (2) above at a California Community College (CCC), please visit http://www.assist.org (http://assist.org). Check any geographically accessible CCCs; sometimes options include more than one college. Use ASSIST to determine:

- Which courses at a CCC satisfy any lower-division major requirements for this major;
Remedial courses are not transferable and do not apply to the minimum 60 semester units/90 quarter units required for admission.

Additional units for courses that are repeated do not apply to the minimum 60 units required for upper-division transfer (for example, if a course was not passed on the first attempt or was taken to earn a better grade).

Before leaving the last California Community College of attendance, obtain a summary of completion of lower-division General Education units (IGETC or CSU GE Breadth). This is often referred to as a GE certification worksheet. SF State does not require delivery of this certification to Admissions, but students should retain this document for verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or College-Level Examination Program courses: AP/IB/CLEP credit is not automatically transferred from the previous institution. Units are transferred only when an official score report is delivered to SF State. Credit is based on the academic year during which exams were taken. Refer to the University Bulletin in effect during the year of AP/IB/CLEP examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering, and mathematics (STEM) disciplines often defer 6-9 units of lower-division General Education in Areas C and D until after transfer to focus on preparation courses for the major. This advice does not apply to students pursuing associate degree completion before transfer.

**Transferring From Institutions Other Than CCCs or CSUs**

Review SF State’s lower-division General Education requirements. Note that, as described below, the four basic skills courses required for admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses that fulfill the remaining areas of SF State’s lower-division GE pattern are available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (A3) may not be widely offered outside the CCC and CSU systems. Students should attempt to identify and take an appropriate course no later than the term of application to the CSU. To review more information about the A3 requirement, please visit bulletin.sfsu.edu/undergraduate-education/general-education/lower-division/#AAEL.

Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.
