BACHELOR OF SCIENCE IN PUBLIC HEALTH – PHS ASSOCIATE DEGREE FOR TRANSFER (ADT) ROADMAP

This is a sample pathway for students who transfer to San Francisco State University in the current Bulletin year with an AS-T in Public Health Science. Thirteen units in the major (BIOL 100, BIOL 101, MATH 124, PH 205, and PH 210) and all lower-division GE requirements have been satisfied. Additional units in the major may have been satisfied. Check with a major advisor about the most appropriate course sequence. Degree completion guaranteed in 60 units; see the Associate Degree for Transfer (ADT) section for more information (http://bulletin.sfsu.edu/undergraduate-admissions/transfer-students/).

To Do at SF State:
Enough total units to reach 120 minimum for graduation; 30 units minimum at the upper-division level; to include the following:

University-Wide Requirements: 9-15 Units
- American Institutions (0-6 units): US History, US Government, California State and Local Government requirements if not met pre-transfer.
- Upper-division GE (9 units): Courses required for the major may double-count if approved for UD GE.
- Students entering this major with the AS-T in Public Health are not required to fulfill SF State Studies or Complementary Studies requirements.

Public Health Major: 45 Units
BIOL 100, BIOL 101, MATH 124, and PH 205 met in transfer.
- Foundation (3 units): PH 100
- Core: 36 units
- Electives: 6 units. PH 210 met in AS-T. Note: PH 221 equivalent may have been met in AS-T.

University Electives: 3 or More Units
Depends on course college, how transferred units are applied to the requirements above, and course choices at SF State. Some courses may meet more than one requirement, e.g., UD GE and the major.
