Complementary Studies

Required of all candidates for the Bachelor of Arts degree in Chinese are 12 units of Complementary Studies, which must come from courses bearing a prefix other than CHIN, and not cross-listed with CHIN.

Complementary Studies for the Chinese major can be satisfied via four possible routes:

a. 12 units in any foreign language other than Chinese (may include up to 3 units of MLL prefix courses);
b. 12 units of course work taken in an approved study abroad program (including CSU Study Abroad, SF State Bilateral, Chinese Flagship, and SLI Translation-Interpretation programs);
c. 12 units of course work taken as part of a second major, a minor or a certificate;
d. 12 units of course work in related disciplines with the approval of a Chinese Program advisor.

Related disciplines typically include linguistics, literature, philosophy, history, education, and any aspect of Greater China, East Asia, or Asian Americans.

Where a course with a non-CHIN prefix is taken as a core requirement or elective for the Chinese major, the said course may also (double) count towards Complementary Studies only via the Study Abroad option or the 2nd Major/Minor/Certificate option listed above. Students satisfying Complementary Studies through the Foreign Language option are allowed a maximum of three units of overlap of MLL prefix courses between Chinese major and Complementary Studies units. Students satisfying Complementary Studies through the Related Subjects option are not allowed to double-count major and Complementary Studies units.

NOTE: Regarding Study Abroad (applies to all Chinese degrees, concentrations, and minors): Students are encouraged to study abroad through the International Programs of the California State University and the Bilateral Programs of San Francisco State University. For students opting to study abroad, all study abroad units will count as units in residence and can be used for graduation credit, but no more than half of the units required for the major or minor may be taken outside of the home campus. Flagship Language Concentration students, however, may apply all of their Study Abroad units towards the major.

SF State Scholars

The San Francisco State Scholars program provides undergraduate students with an accelerated pathway to a graduate degree. Students in this program pursue a bachelor's and master's degree simultaneously. This program allows students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

General Advising Information for Transfer Students

a. Before transfer, complete as many lower-division requirements or electives for this major as possible.
Waiting until after transfer to take a single course at SF State that meets both US and CA/local government requirements may be an appropriate option, particularly if transferring from outside of California.
