BACHELOR OF ARTS IN POLITICAL SCIENCE

• At least 28 units for the major must be from upper-division courses (300–699).

• Only three lower-division units may be counted towards the PLSI electives requirement. All other PLSI electives must be upper-division classes (300-level or above).

• For a course to count towards the Political Science major, students must earn a grade of C- or better in all core, breadth, and culminating experience courses.

• Political Science majors may take up to four units of political science coursework as credit no credit (CR/NC), as long as those units are part of their electives. All PLSI courses other than electives must be taken for a letter grade (i.e., A, B, C+, etc.)

• The GWAR (writing-emphasis) course must be taken in the Political Science Department, even if a student has completed a GWAR course in another department.

• Students who want to do an independent study/special study must arrange it with faculty, submit a Petition for Course by Individual Study (PLSI 699) form, and have at least a 3.0 grade-point average. Independent Study units count only as electives.

Program Learning Outcomes

1. Demonstrate knowledge of the American political system, comparative knowledge of diverse political systems and dynamics around the world, and of a variety of theoretical traditions from different cultures and societies.

2. Demonstrate critical thinking skills and proficiency in expressing complex ideas and arguments through writing, proficiency in political research and analysis, an ability to conduct basic empirical analysis in political topics, and an ability to do textual exegesis in written work.

3. In their senior culminating experience, students demonstrate an ability to develop thoughtful and persuasive research projects of their own in an area of political science.

4. Demonstrate citizenship skills, including an ability to appreciate human diversity, communicate ideas effectively, engage in community life, and link theory to practice by applying political science knowledge to actual problem-solving and community service.

1 This course is a variable topic course and may be taken more than once for credit. If taken more than once, any additional semesters count towards the Political Science Electives.
2 Moot Court may be repeated once for credit, but only 4 units may be applied to the Breadth requirement.

Note: A minimum of 30 upper-division units must be completed for the degree (including upper-division units required for the major, General Education, electives, etc.). A student can complete this major yet not attain the necessary number of upper-division units required for graduation. In this case, additional upper-division courses will be needed to reach the required total.

Complementary Studies

Twelve units of Complementary Studies are required of all candidates for the B.A. in Political Science. These units may come from any courses bearing a prefix other than PLSI that are not cross-listed with Political Science.

### First-Time Student Roadmap (4 Year)

1. In order to choose your English Composition A2 course and your QR/Math B4 course, please complete the online advising activities at writingadvising.sfsu.edu (https://writingadvising.sfsu.edu/) and mathadvising.sfsu.edu (https://mathadvising.sfsu.edu/). Questions? Contact Gator Smart Start. (https://gatorsmartstart.sfsu.edu/)
2. Select the row that matches your English course choice for A2.*
3. Select the column that matches your QR/Math course choice for B4.
4. Click the Roadmap that lines up with your row and column.

For example, if you select ENG 104/ENG 105 and a multi-semester QR/math sequence for your first year, then choose Roadmap D.

* Composition for Multilingual Students: If taking ENG 209 as your first English course, choose the ENG 114 row. If taking ENG 201 or ENG 212 for your first English course, choose the ENG 104/ENG 105 row.

### SF State Scholars

The San Francisco State Scholars program provides undergraduate students with an accelerated pathway to a graduate degree. Students in this program pursue a bachelor's and master's degree simultaneously. This program allows students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

This roadmap opens in a new tab. (http://bulletin.sfsu.edu/colleges/liberal-creative-arts/political-science/roadmap-i-ii-stretch/)

### Transfer Student Roadmap (2 Year)

For students with an AA-T in Political Science. This roadmap opens in a new tab (http://bulletin.sfsu.edu/colleges/liberal-creative-arts/political-science/adt-roadmap/).

For students with an AA-T in Law, Public Policy and Society. This roadmap opens in a new tab (http://bulletin.sfsu.edu/colleges/liberal-creative-arts/political-science/lpps-adt-roadmap/).

### This degree program is an approved pathway (“similar” major) for students earning the ADT in Political Science

California legislation SB 1440 (2009) mandated the creation of the Associate Degree for Transfer (ADT) to be awarded by the California Community Colleges. Two types of ADTs are awarded: Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T).

Note: no specific degree is required for admission as an upper-division student. However, the ADT includes specific guarantees related to admission and graduation and is designed to clarify the transfer process and strengthen lower-division preparation for the major.

An ADT totals 60 units and in most cases includes completion of all lower-division General Education requirements and at least 18 units in a specific major. (The Biology, Chemistry, and Environmental Science AS-T degrees defer 3 units in lower-division GE area C and 3 units in lower-
division GE area D until after transfer.) Students pursuing an ADT are
guaranteed admission to the CSU if minimum eligibility requirements are
met, though not necessarily to the CSU campus of primary choice.

Upon verification that the ADT has been awarded prior to matriculation
at SF State, students are guaranteed B.A. or B.S. completion in 60 units
if pursuing a “similar” major after transfer. Determinations about “similar”
majors at SF State are made by faculty in the discipline.

Degree completion in 60 units cannot be guaranteed when a student
simultaneously pursues an additional major, a minor, certificate, or
credential.

A sample advising roadmap for students who have earned an ADT and
continue in a “similar” major at SF State is available on the Roadmaps tab
on the degree requirements page for the major. The roadmap displays:

- How many lower-division units required for the major have been
  completed upon entry based on the award of a specific ADT;
- Which lower-division requirements are considered complete upon
  entry based on the award of a specific ADT;
- How to complete the remaining 60 units for the degree in four
  semesters.

Students who have earned an ADT should seek advising in the major
department during the first semester of attendance.

General Advising Information for Transfer

Students

1. Before transfer, complete as many lower-division requirements or
   electives for this major as possible.
2. The following courses are not required for admission but are required
   for graduation. Students are strongly encouraged to complete these
   units before transfer; doing so will provide more flexibility in course
   selection after transfer.
   - a course in U.S. History
   - a course in U.S. & California Government

For information about satisfying the requirements described in (1) and
(2) above at a California Community College (CCC), please visit
CCCs; sometimes options include more than one college. Use ASSIST to
determine:

- Which courses at a CCC satisfy any lower-division major
  requirements for this major;
- Which courses at a CCC satisfy CSU GE, US History, and US & CA
  Government requirements.

Remedial courses are not transferable and do not apply to the minimum
60 semester units/90 quarter units required for admission.

Additional units for courses that are repeated do not apply to the
minimum 60 units required for upper-division transfer (for example, if
a course was not passed on the first attempt or was taken to earn a
better grade).

Before leaving the last California Community College of attendance,
obtain a summary of completion of lower-division General Education
units (IGETC or CSU GE Breadth). This is often referred to as a GE
registration worksheet. SF State does not require delivery of this
certification to Admissions, but students should retain this document for
verifying degree progress after transfer.

Credit for Advanced Placement, International Baccalaureate, or
College-Level Examination Program courses: AP/IB/CLEP credit is
not automatically transferred from the previous institution. Units are
transferred only when an official score report is delivered to SF State.
Credit is based on the academic year during which exams were taken.
Refer to the University Bulletin in effect during the year of AP/IB/CLEP
examination(s) for details regarding the award of credit for AP/IB/CLEP.

Students pursuing majors in science, technology, engineering, and
mathematics (STEM) disciplines often defer 6-9 units of lower-division
General Education in Areas C and D until after transfer to focus on
preparation courses for the major. This advice does not apply to students
pursuing associate degree completion before transfer.

Transferring From Institutions Other Than CCCs
or CSUs

Review SF State’s lower-division General Education requirements.
Note that, as described below, the four basic skills courses required for
admission meet A1, A2, A3, and B4 in the SF State GE pattern. Courses
that fulfill the remaining areas of SF State’s lower-division GE pattern are
available at most two-year and four-year colleges and universities.

Of the four required basic skills courses, a course in critical thinking (A3)
may not be widely offered outside the CCC and CSU systems. Students
should attempt to identify and take an appropriate course no later than
the term of application to the CSU. To review more information about the
A3 requirement, please visit bulletin.sfsu.edu/undergraduate-education/
general-education/lower-division/#AAEL.

Waiting until after transfer to take a single course at SF State that meets
both US and CA/local government requirements may be an appropriate
option, particularly if transferring from outside of California.

All Students Must Meet the Transfer Eligibility
Requirements Outlined Below for Admission.

For more information, visit the Undergraduate Admissions section (http://
bulletin.sfsu.edu/undergraduate-admissions/).

- Complete 60 or more transferable semester units or 90 or more
  quarter units.
- Earn a college grade point average of 2.0 or better in all transferable
  courses. Non-local area residents may be held to a higher GPA
  standard.
- Be in good standing at the last college or university attended.
- Complete 30-semester units (45-quarter units) of General Education,
  including four basic skills courses:
  a. One course in oral communication (same as CSU GE Area A1)
  b. One course in written composition (same as CSU GE Area A2)
  c. One course in critical thinking (same as CSU GE Area A3)
  d. One course in mathematics or quantitative reasoning (same as
     CSU GE Area B4)
- The four basic skills courses and a minimum of 60 transferable
  semester units (90-quarter units) must be completed by the spring
  semester prior to fall admission, or by the fall semester prior to spring
  admission. Earn a C- or better grade in each basic skills course.
