1 ENG 114 can only be taken if you complete Directed Self-Placement (DSP) and select ENG 114; if you choose ENG 104/ENG 105 through DSP you will satisfy A2 upon successful completion of ENG 105 in the second semester; multilingual students may be advised into alternative English courses.
2 To determine the best B4 course option, students should complete the online advising activity at mathadvising.sfsu.edu (https://mathadvising.sfsu.edu/). Questions? Contact Gator Smart Start. (https://gatorsmartstart.sfsu.edu/)
3 To avoid taking additional units, it is recommended that you meet the SF State Studies (AERM, GP, ES, SJ) requirements within your GE or major.
4 PHYS 111/PHYS 112 are prerequisites for PHYS 121/PHYS 122. PHYS 220/PHYS 222 are prerequisites for PHYS 240/PHYS 242.
**Major Emphasis (34 units)**

*Students must select one of the following emphases*

**Geology Emphasis**
The Geology emphasis provides students with an in-depth understanding of the solid Earth, the processes that shape it, and the skills to conduct field investigations of geologic problems. Students who complete these emphasis requirements will be prepared for graduate school in geology or to enter the workforce directly as a professional geologist. The coursework prepares students to pass the Association of State Board Geology (ASBOG) exam to be a licensed professional geologist.

*Required Courses (22–23 units)*

- ERTH 210 Physical Geology (4 units) *(B1, B3, ES)*
- ERTH 420 Mineralogy and Petrology I (4 units)
- ERTH 510 Structural Geology (4 units)
- ERTH 515 Sedimentology and Stratigraphy (4 units)
- ERTH 620 Field Methods in Geology (2 units)
  
  and either
  
  - ERTH 522 (units)
  
  or
  
  - CHEM 215 General Chemistry II: Quantitative Applications of Chemistry Concepts (3 units)
  - CHEM 216 General Chemistry II Laboratory: Quantitative Applications of Chemistry Concepts (2 units)

*Electives (11–12 units)*

Select (upon advisement) additional Geology emphasis electives needed to reach 34 units.

**Hydrology Emphasis**
The Hydrology emphasis provides students with an in-depth understanding of the behavior of water on and beneath Earth’s surface, how water shapes the solid earth, and environmental problems associated with water. Students who complete these emphasis requirements will be prepared for graduate school in hydrology or to enter the workforce directly as a professional hydrologist.

*Requirements (21–22 units)*

Select one of the following (3–4 units):

- ERTH 210 Physical Geology (4 units) *(B1, B3, ES)*

*Electives (12–13 units)*

Select (upon advisement) additional Hydrology emphasis electives needed to reach 34 units. (May include courses from the list above not selected to meet emphasis requirements.)

**Ocean, Weather & Climate Emphasis (34 units)**
The Ocean, Weather & Climate emphasis provides students with an understanding of the structure and behavior of oceans, the atmosphere, and climate, and the physical processes that shape and change them. Students who complete these emphasis requirements will be prepared for graduate school work in Earth sciences disciplines such as oceanography, meteorology, or climate science, or to enter the workforce directly.
