BACHELOR OF SCIENCE IN ENVIRONMENTAL SCIENCE – ENVS ASSOCIATE DEGREE FOR TRANSFER (ADT) ROADMAP

This is a sample pathway for students who transfer to San Francisco State University in the current Bulletin year with an AS-T in Environmental Science. Twenty-one units in the major [BIOL and PHYS requirements; CHEM 180; GEOG 101; GEOG 160; MATH 226] and 33 units of lower-division GE have been satisfied. Check with a major advisor about the most appropriate course sequence. Degree completion guaranteed in 60 units; see the Associate Degree for Transfer (ADT) section for more information (http://bulletin.sfsu.edu/undergraduate-admissions/transfer-students/).

To Do at SF State:

Enough total units to reach 120 minimum for graduation; 30 units minimum at the upper-division level; to include the following:

University-Wide Requirements: 15-21 units

- American Institutions (0-6 units): US History, US Government, CA Government. If not met in transfer, see next bullet.
- Lower-Division GE (6 units) – Area C (3 units in any subarea) and Area D (3 units). D2 courses satisfy US History.
- Upper-Division GE (9 units): Courses required for the major and American Institutions may double-count if approved for UD GE.
- Students entering the major with the AS-T in ENVS are not required to fulfill SF State Studies requirements.

Environmental Science Major: 45 units

- BIOL and PHYS Requirements; CHEM 180, GEOG 101, GEOG 160, MATH 226 (21 units) met before transfer.
- Lower-Division Requirements (6 units) if not taken before transfer: GEOG 102, GEOG 205.
- Upper-Division Requirements (39 units)

University Electives: 0 or more units

Depends on course choices made at the community college, how transferred units are applied to the requirements above, and course choices at SF State - some courses may meet more than one requirement, e.g. in both UD GE and the major.
