HOLISTIC HEALTH (HH)

HH 200 Holistic Approach to Academic Success (Units: 3)
Learn key concepts and skills for increased academic success including practices to increase mindful awareness, mental imagery for greater goal clarity, continuous improvement strategies for solving problems in school and life, and other tools for more effective study time and performance. Examine lifelong learning, personal growth, and promoting a civil society.
Course Attributes:
• E1 LLD Pre-Fall 2019
• Environmental Sustainability
• D1: Social Sciences

HH 205 Relaxation and Stress Reduction (Units: 3)
Research and theory in stress physiology and stress management, techniques of progressive relaxation, mental rehearsal, and imagery training including stress management strategies for coping with selected stress-related disorders with an emphasis on the relationship to physical activities.
Course Attributes:
• E1 LLD Pre-Fall 2019
• D1: Social Sciences

HH 210 The Dao of Well-Being in Chinese Tradition (Units: 3)
Exploration of holistic and aesthetic modes of well-being from Daoist philosophical perspectives. Topics include Daoist philosophy, classical poetry, basic principles of Chinese medicine, therapeutic cuisine, traditional music, and Qigong exercises.
Course Attributes:
• Am. Ethnic & Racial Minorities
• C2: Humanities
• E1 LLD Pre-Fall 2019

HH 380 Holistic Health: Western Perspectives (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.
Exploration of Western developments in holistic health. Overview of the psychobiology of stress and self-regulatory methods such as autogenic training, biofeedback, progressive relaxation, visualization, and behavioral techniques.
Course Attributes:
• UD-B: Physical Life Science
• E1 LLD Pre-Fall 2019
• Global Perspectives

HH 381 Holistic Health: Eastern Perspectives (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.
Eastern approaches to health and healing including acupuncture, yoga, and meditation. Comparison, scientific evaluation, and synthesis of eastern and western models of human psychology and physiology.
Course Attributes:
• UD-D: Social Sciences
• E1 LLD Pre-Fall 2019
• Global Perspectives

HH 382 Holistic Health: Human Nature and Global Perspectives (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.
Explore the relationship between health and ways of living through the perspective of human nature and its potential. Examine health and healing in terms of cultural traditions, evolution, the life cycle, and socio-psychological factors.
Course Attributes:
• E1 LLD Pre-Fall 2019
• UD-C: Arts and/or Humanities
• Global Perspectives

HH 383 Chinese Perspectives in Holistic Health (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.
Taoist philosophy of health and healing including yin-yang and five element theory, principles of qi, patterns of disharmony and health, lifestyles and environmental influences, Chinese healing modes, and self-practices.
Course Attributes:
• E1 LLD Pre-Fall 2019
• UD-D: Social Sciences

HH 420 Qigong Body-Mind Energetics (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.
Examination of the nature of qi energy, meridians, methods of activating and balancing qi, and various related body-mind energetic practices including qigong meditation, acupressure, and breath-work.
Course Attributes:
• Global Perspectives
• UD-C: Arts and/or Humanities
• E1 LLD Pre-Fall 2019
HH 430 Biofeedback: Mind-Body Connection and Self-Regulation (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

History, theory, research, physiological basis, and application of psychophysiology/biofeedback and other self-regulatory techniques. Covers wearable devices, electromyographic, thermal, respiration, electrodermal, heart rate and electroencephalographic feedback techniques, and self-practice of autogenic training. Lecture, 2 units; laboratory, 1 unit.
Course Attributes:
• E1 LLD Pre-Fall 2019
• UD-B: Physical Life Science

HH 435 Autogenic Training and Embodied Living (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Basic theory and technique of autogenic training, a mind-body self-care therapeutic approach with clinical and non-clinical applications. Includes stress reduction concepts, autogenic training instruction, and individual and group practice. [Formerly HH 433]
Course Attributes:
• E1 LLD Pre-Fall 2019
• UD-B: Physical Life Science

HH 450 Somatics: Body Awareness, Movement, and Well-being (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Examine how we perceive and experience the body in daily life, individually and collectively. The course draws on a wide range of concepts and methods to improve body awareness, deepen understanding of movement and performance, and develop a greater sense of health and well-being. Topics include history, philosophy, and somatic sensory awareness methods from a self-care education perspective.
Course Attributes:
• E1 LLD Pre-Fall 2019
• UD-D: Social Sciences

HH 535 Western Nutrition and Herbs (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Examine the role of herbal products, nutraceuticals, supplements, and dietary choices in prevention, disease treatment, and self-care from a holistic perspective.
Course Attributes:
• Global Perspectives
• UD-B: Physical Life Science
• Environmental Sustainability

HH 540 Meditation for Health and Wellness (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Explore the theory and methods of major forms of meditation in promoting health and wellness including mindfulness meditation, imagery, and compassion practices. Examine the historical roots of meditation, scientific understandings, health benefits, and application to current social issues. Includes individual and group practice.
Course Attributes:
• Global Perspectives
• UD-D: Social Sciences
• E1 LLD Pre-Fall 2019

HH 545 Mind-Body Healing in Tibetan Culture (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Mind-body healing in Tibetan medicine and culture. Explore the theory, art, symbolic imagery, and practical techniques, such as the use of meditation in everyday life, for useful approaches to health, emotional well-being, and social harmony.
Course Attributes:
• Global Perspectives
• UD-C: Arts and/or Humanities
• E1 LLD Pre-Fall 2019

HH 560 Naturopathic Medicine and Personal Wellness (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Examination of the philosophy, principles, and practice of naturopathic medicine. Prevention and treatment of disease with natural therapies are examined, including diet, botanical therapies, homeopathy, hydrotherapy, and mind-body approaches.
Course Attributes:
• E1 LLD Pre-Fall 2019
• UD-B: Physical Life Science
HH 650 Anthroposophical Health Studies (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Principles and practices of anthroposophical medicine and related self-care practices. Applications derived from Waldorf education, biodynamic agriculture, and eurythmy, all rooted in western thinking and evidence-based medicine are explored.

Course Attributes:
- Global Perspectives
- UD-D: Social Sciences
- E1 LLD Pre-Fall 2019

HH 660 Art as Healing (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Examine the value of art as a healing process. Analysis and assessment of tools and techniques used in art for healing. Students explore how artists work to heal individuals, communities, and ecosystems.

Course Attributes:
- UD-C: Arts and/or Humanities
- E1 LLD Pre-Fall 2019

HH 670 Alternative Health Practices (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Overview of therapies and self-care practices in the field of integrative health and medicine. Emphasizes multidisciplinary, cross-cultural perspectives. Presentations by leading practitioners and thinkers. May be repeated for a total of 9 units.

Course Attributes:
- Global Perspectives
- UD-D: Social Sciences
- E1 LLD Pre-Fall 2019

HH 680 Holistic Health Internship Seminar (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Examination of the opportunities, strategies, and challenges of practicing and disseminating holistic health methods and perspectives.

Course Attributes:
- E1 LLD Pre-Fall 2019
- UD-D: Social Sciences

HH 690 Seminar: Psychophysiology of Healing (Units: 3)
Prerequisites: GE Areas A1*, A2*, A3*, and B4* all with grades of C- or better or permission of the instructor.

Explores the psychophysiology of healing. Special emphasis upon the foundation, ramifications, and practice of therapeutic touch and healee-healer interaction including the power of belief and the power of placebo. In-depth topical presentations of the healing process.

Course Attributes:
- E1 LLD Pre-Fall 2019
- UD-B: Physical Life Science

HH 699 Independent Study (Units: 1-3)
Prerequisite: Permission of the instructor and director.

Independent study under the direction of a faculty member. May be repeated when the area of study is different.
