

LOWER-DIVISION GENERAL EDUCATION

For an overview of the SF State General Education program, visit our Introduction to General Education (<http://bulletin.sfsu.edu/undergraduate-education/>).

Please note that although General Education courses are available to students in any major, registration in some sections of specific courses may be restricted to students in the Metro Academies.

Some students come to SF State with high enough AP, CLEP, and IB scores to receive college credit. Go to the following link to see what GE requirements are satisfied by these scores. Consult with your major department to see whether any of the credit can count toward your major.

AP – IB – CLEP Test Credit (<http://bulletin.sfsu.edu/undergraduate-education/standardized-external-examinations/>)

Area A: English Language Communication and Critical Thinking – 9 units

Students taking courses in fulfillment of Areas A1 and A2 will develop knowledge and understanding of the form, content, context, and effectiveness of communication. Students will develop proficiency in oral and written communication in English, examining communication from the rhetorical perspective and practicing reasoning and advocacy, organization, and accuracy. Students will practice the discovery, critical evaluation, and reporting of information, as well as reading, writing, and listening effectively.

In critical thinking (Area A3) courses, students will understand logic and its relation to language; elementary inductive and deductive processes, including an understanding of the formal and informal fallacies of language and thought; and the ability to distinguish matters of fact from issues of judgment or opinion. In Area A3 courses, students will develop the abilities to analyze, criticize, and advocate ideas; to reason inductively and deductively; and to reach well-supported factual or judgmental conclusions.

Requirements: Students who start as freshmen must complete a minimum of nine units in Area A, including a minimum of three units in each of the following three areas: Oral Communication, Written English Communication, and Critical Thinking. Specific test and course prerequisites are printed in the Undergraduate Graduation Requirements section of the Bulletin. Beginning in Fall 2014, all Area A courses must be completed with a grade of CR or C– or better to fulfill the General Education requirement.

Area A1: Oral Communication (3 units required)

Code	Title	Units
AA S 101	First-Year Experience (A1, AERM)	3
AFRS 120	Communicating Realness: Minding the Gap (A1, AERM)	3
COMM 150	Fundamentals of Oral Communication (A1)	3
ENG 210	Oral Communication - Multilingual (A1)	3

Area A2: Written English Communication (3 units minimum required)

Code	Title	Units
ENG 104 & ENG 105	Writing the First Year: Finding Your Voice Stretch I and Writing the First Year: Finding Your Voice Stretch II (A2)	6
ENG 106	Writing the First Year: Finding Your Voice Stretch I and II (A2)	4
ENG 114	Writing the First Year: Finding Your Voice (A2)	3
ENG 201 & ENG 202	Writing the First Year: Global Perspectives of Multilingual Speakers Stretch I and Writing the First Year: Global Perspectives of Multilingual Speakers Stretch II (A2)	8
ENG 209	Writing the First Year: Global Perspectives of Multilingual Speakers (A2)	3

Area A3: Critical Thinking (3 units required)

Code	Title	Units
AA S 110	Critical Thinking and the Asian American Experience (A3, AERM)	3
COUN 110	Critically Thinking About Career Choice: Self, Community, Society, and the World (A3, GP, SJ)	3
ETHS 110	Critical Thinking and the Ethnic Studies Experience (A3, AERM)	3
HIST 101	Critical Thinking in History (A3, SJ)	3
HSS 110	Critical Thinking/Student Success in Health & Social Sciences Fields (A3)	3
ISED 204	Critical Thinking for Educational Equity and Social Justice (A3, AERM)	3
LTNS 110	Critical Thinking and the Rhetoric of Latinas/os/x in the 21st Century (A3, AERM, SJ)	3
PHIL 110	Introduction to Critical Thinking I (A3)	3
PSY 111	The Logic and Psychology of Critical Thinking (A3)	3
RRS 110	Critical Thinking and the Ethnic Studies Experience (A3, AERM)	3

Abbreviations

AERM: American Ethnic and Racial Minorities

ES: Environmental Sustainability

GP: Global Perspectives

SJ: Social Justice

Area B: Scientific Inquiry and Quantitative Reasoning – 9 units

In Areas B1–B3, students develop knowledge of scientific theories, concepts, and data about both living and non-living systems. Students will achieve an understanding and appreciation of scientific principles and the scientific method, as well as the potential limits of scientific endeavors and the value systems and ethics associated with human inquiry.

In Area B4 courses, students shall develop skills and understanding beyond the level of intermediate algebra. Students will not just practice computational skills, but will be able to explain and apply basic mathematical concepts and will be able to solve problems through quantitative reasoning.

Requirements: All students must complete a minimum of nine units in Area B including a minimum of three units in each of the following three areas: Physical Science, Life Science, and Quantitative Reasoning. Additionally, a course that satisfies the Laboratory Science requirement must also be taken.

Specific test and course prerequisites are printed in the Undergraduate Graduation Requirements section of the Bulletin.

Note: Some majors require advanced coursework in Areas B1, B2, and/or B3. For students pursuing these majors, some Area B requirements will be met in major or pre-major coursework. For more information, students should refer to the Bulletin description for their major.

Area B1: Physical Science (3 units minimum required)

Code	Title	Units
ADM 260	Textiles (B1)	3
ASTR 115	Introduction to Astronomy (B1)	3
CHEM 101	Survey of Chemistry (B1)	3

PHYS 222	General Physics with Calculus I Laboratory (B3)	1

Area B4: Quantitative Reasoning (3 units required)

Details on test and course prerequisites are listed in the Undergraduate Graduation Requirements section of the Bulletin.

Summary of Quantitative Reasoning Requirements

The B4 course or pathway that needs to be followed depends on a student's MATH/QR placement category or ELM/Remediation status. See the holds and alerts box in the student center for more information.

- Students who have been placed in enrollment category I for Fall 18 and later admission have satisfied the B4 requirement for general education. Please check the requirements for your intended major to verify if a specific math course is required for that major and to confirm whether or not you need to take a math course for your major.
- Students who have satisfied the ELM requirement or passed Math 70 or ESM 70 with a C or better (prior to Fall 18 admission) or who have been placed in category II for Math/QR placement (Fall 18 and later admission) are eligible to take a B4 course. Please check the requirements for your intended major to verify if a math course is required for your major and plan to take that course to satisfy both the B4 and major requirements.
- Students who have not satisfied the ELM requirement or not passed Math 70 or ESM 70 with a C or better (prior to Fall 18 admission) or who have been placed in category III or IV for Math/QR placement (Fall 18 and later admission) must take a B4 course with additional support. Category IV students are also required to complete early start. Please check the requirements for your intended major to verify if a math course is required for your major. Check the table below for information about the additional support needed for that course.

Beginning in Fall 2014, Area B4 courses must be completed with a grade of CR or C– or better to fulfill the General Education requirement.

B4 Pathways**B4 Courses for Pathway/Category 2 or ELM; MATH 70 or ESM 70 met** **B4 courses with additional support for Pathway/Category 3 and 4 or ELM; MATH 70 or ESM 70 not met**

DS 110 Calculus with Business Applications (B4) 3 units	MATH 107 (3 units) and MATH 108* (3 units) across two semesters. MATH 107 and 108 will satisfy all requirements met by DS 110.
CSC 110 Computational Thinking and Quantitative Reasoning (B4) 3 units	MATH 111 (2 units) and CSC 110 concurrently
ISED 160 Data Analysis in Education (B4) 3 units	MATH 122 (2 units) and ISED 160 concurrently
MATH 110 Business Calculus (B4) 3 units	MATH 107 (3 units) and MATH 108* (3 units) across two consecutive semesters. MATH 107 and MATH 108 will satisfy all requirements met by MATH 110.
MATH 124 Elementary Statistics (B4) 3 units	MATH 123 (2 units) and MATH 124 concurrently
MATH 199 Pre-Calculus (B4) 4 units	MATH 197 (3 units) and MATH 198* (3 units) across two consecutive semesters. MATH 197 and MATH 198 will satisfy all requirements met by MATH 199.
PHIL 111 The Art(s) of Quantitative Reasoning (B4) 3 units	MATH 111 (2 units) and PHIL 111 concurrently
PSY 171 Quantitative Reasoning in Psychology (B4) 3 units	MATH 122 (2 units) and PSY 171 concurrently

* B4 will be satisfied once both semesters of the stretch course are completed with a satisfactory grade.

Other B4 Courses

Code	Title	Units

Area C: Arts and Humanities – 9 units

In their Area C coursework, students will develop a better understanding of the interrelationship between the self and the creative arts and of the humanities in a variety of cultures.

Requirements: Students starting as freshmen or transfers at SF State must complete a minimum of nine units in Area C including three units in Arts (C1), three units in Humanities (C2), and three units from either Arts (C1) or Humanities (C2).

Area C1: Arts

Code	Title	Units

GP: Global Perspectives

SJ: Social Justice

Area D: Social Sciences – 6 units

Area D requires units dealing with human social, political and economic institutions and behavior, and their historical background. Courses shall be completed from at least two different disciplines among the lower-division and upper-division required semester units.

Students learn from courses in multiple Area D disciplines that human social, political and economic institutions and behavior are inextricably interwoven. Through fulfillment of the Area D requirement, students will develop an understanding of problems and issues from the respective disciplinary perspectives and will examine issues in their contemporary as well as historical settings and in a variety of cultural contexts. Students will explore the principles, methodologies, value systems and ethics employed in social scientific inquiry. Courses that emphasize skills development and professional preparation are excluded from Area D.
