Courses approved for the SF State Studies Social Justice requirement must address social constructions of identity, hierarchy, power, and privilege; community resistance and empowerment; and social justice. The social constructions may be related to variations among humans, including such factors as abilities, ages, cultures, genders, geographic locations, histories, immigration statuses, languages, national and ethnic identities, racializations, religions, sexualities, and socio-economic classes.

Courses certified as meeting the SF State Studies requirements may be upper- or lower-division, may be in General Education (GE), a major or minor, or an elective. Not all of the courses listed below are approved for General Education.
